

Local Unitarian Church To Have New Minister

The Unitarian Church at Eleventh Ave. and Ferry St. announced Friday that Mr. Sidney A. Peterman of San Jose will take over the ministry sometime this summer.

The local church has been without a minister since before the war with exception of an occasional visiting pastor. The new minister studied at Meadville Theological School and the Unitarian Starr-King School for the Ministry. He will arrive in Eugene in July and start regular services sometime during the summer.

World's Recovery Depends Upon Moral Rehabilitation

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

There is a growing mass of opinion in many countries that no real world recovery can be achieved unless it is founded on moral rehabilitation.

During my travels abroad since the war I have found both statesmen and the general public reaching for new moral support. Churches and religious organizations have been swinging into action to meet the crisis.

Values Killed
That isn't strange when you stop to consider the widespread moral destruction wrought by the conflict. Some of it was deliberate, for Hitler undertook to kill moral values so he could more easily persuade his people to follow him in his barbaric aggression.

Many European countries still are struggling in the immoral morass he created. And, quietly but persistently, Bolshevism continues the anti-religious crusade on the premise that religion is the "dope of the masses" and renders them less pliable under aggressive totalitarian dictatorship.

World Assembly

Therefore many observers find great encouragement in the World Assembly being held in California to celebrate the tenth anniversary of Moral Re-Armament. Attending the assembly are political, industrial and labor leaders from some 24 countries, including representatives from the crucial areas of Europe and the Far East. Dr. Frank Buchman, the Pennsylvania clergyman who founded MRA, set the conference in mo-

tion with a world-wide broadcast in which he referred to the scope of MRA thus:

"Moral Re-Armament is the good road of an ideology inspired by God upon which all can unite. Catholic, Jew and Protestant, Hindu, Moslem, Buddhist and Confucianist—all find they can travel along this road together."

ERP Religion

And Paul G. Hoffman, European Recovery Program administrator, further interpreted the movement in a telegram saying in part: "You are giving the world the ideological counterpart of the Marshall Plan."

So the assembly has got under way, to devise means of meeting a crisis which A. R. K. MacKenzie, member of the British delegation to the United Nations, sums up like this:

"Without an inspired ideology democracy flounders before the advancing tide of totalitarianism, and economic and military aid fail of themselves to turn the tide of alien materialistic ideas."

In the language of the layman, MRA is "practical religion."

Performance of Persian Song Cycle Said Brilliant Recital

By BARBARA HEARTFIELD

"In a Persian Garden," song cycle by Liza Lehmann, based on the "Rubaiyat of Omar Khayyam" was given a brilliant performance Thursday evening by Hal Young, tenor, and three of his pupils at the First Christian Church.

Irene Lewis, soprano, Thelma Bearlto, contralto, and W. C. Martin, baritone, assisted in the concert which marked the final Eugene appearance of Young.

Shows Promise

Listeners commented especially on the fine voices and musicianship of Martin, an 18-year-old singer from Cottage Grove who shows great promise. The authority with which he handled his part, which was a difficult one did him great credit.

Miss Lewis' large and clear soprano voice seemed admirably suited to her role, while Mrs. Bearlto, perhaps less experienced than the others, nevertheless sang her role musically.

Thoughtful Singing

Young himself, the audience reported, is in better voice than ever. His thoughtful singing of music which demands vocal skill made good listening.

Especially effective were the

Dr. Lambert Chairman Of Apprentice Council

Dr. Carl Lambert Friday had been elected chairman of the Eugene Apprenticeship Council, after the resignation of Chairman Charles Sikes, who served on the council two years.

New members appointed to the council at a meeting this week include James Estep, business representative of painters' local 1277; Ed Mertons, business representative of carpenters' local 1273; and Ed Duke, proprietor of Valley Printing Company.

Dom Perignon, a 16th century monk in charge of wine cellars at an abbey near Epernay, France, quite by accident stumbled on the secret of champagne.

Eighty per cent of iron made in the United States is from ores mined in the iron ranges of Minnesota.

(NEA Telephoto)
In a copyrighted Paris dispatch, The New York Herald Tribune revealed that a secret treaty signed in Prague in October 1945, between Czechoslovakia and Soviet Russia gives the Russians absolute control over uranium production from the Bohemian mines of Jachymov. Mines produce only uranium in Europe. Russians are said to have ousted Czechs from top places in mines, installed their own engineers and scientists under drastic security restrictions.

OFFICERS PICKED

New officers for Eugene's Civic Chorus chosen this week include: Archie Root, president; F. E. Rice, vice-president; Miss Diane Ford, secretary; Palle Nielson, treasurer; Mrs. F. E. Rice, librarian; and Mrs. Charles C. Turner, publicity.

Enlisted Reserve Corps Deadline Set

A June 20 deadline has been set for members of the Enlisted Reserve Corps to volunteer for tours of nine to 12 months active duty for positions open in Eugene.

Major Carl Hornsby, station commander of the local army recruiting service said Friday that openings exist in five positions here. They are for classification specialists, clerk-typists, personnel consultants, medical technicians and medical laboratory technicians. Similar positions are open in several other cities in Oregon, Washington and Idaho.

Application for the assignments may be made at the U.S. Army and Air Force Recruiting office, Room 10, Postoffice Building.

New York City Shows Million Gain

NEW YORK (AP)—New York City, as of last Jan. 1, had an estimated population of 8,005,000, a gain of more than 1,000,000 in the last three years.

The estimate was prepared by the industrial and development department of the consolidated Edison company.

During the war years, the city's population declined to less than 7,000,000.

'Tuffy' is Tough; Unhurt After Fall

ROSS, Calif. (AP)—Michael Hallinan, 9, lived up to his nickname of "Tuffy."

He fell 30 feet from the window of the family home and landed without injury.

Tuffy's father, Vince Hallinan, credited the boy's escape without injury to acrobatic training. A front flip, executed instinctively landed him on his feet.

Open Friday Till 9 p.m.
