Announcing—another Plymouth "First"
 IN THE LOWEST-PRICED FIELD—
AIRFOAM SUPER-COMFORT
 ADDED TO THE FAMOUS
Plymouth Ride!
 Your car rides on air—why not you? Now available with the Special De Luxe Plymouth*—and with Plymouth alone in the lowest-priced field—is amazing Airfoam seat cushioning. You sit on millions of tiny air pillows. Their live buoyancy soaks up bumps and jolts... puts another super-cushion between you and the road in your comfort-engineered Plymouth.
 Because these foam-light seats give to the slightest pressure, they mold themselves to any position of your body for restful support. When you get up, Airfoam instantly resumes its original shape. And it will retain that shape years longer than ordinary cushioning.
 Airfoam adds one more to the long list of advances that have made the Plymouth Ride so outstanding in the lowest-priced field. This famous Ride is a scientifically balanced combination of such features as:
Chair-Height Seats designed from "comfort curve" studies to help eliminate fatigue.
Super-Cushion Tires so much softer and fatter that they flow right over rough roads.
117" Wheelbase—longest in the lowest-priced field—for smoother, more level riding.
Scientific Weight Distribution that permits passengers to ride in cradled comfort between the axles.
Balanced Springing to synchronize front and rear spring action.
Independent Front Wheel Springing that permits coil front springs of soft-acting Amola Steel to move over road obstructions independently of each other.
Amola Steel Rear Springs with special grooving to increase cushioning.
Hotchkes Drive which transmits driving force through the rear springs for cushioned starting and stopping.
Alplane-Type Shock Absorbers to take the severest road shock with controlled rebound of springs.
Front End Sway Eliminator to stabilize your car as it travels around curves.
Low Unsprung Weight to reduce bouncing of the wheels.
Floating Power Engine Mountings insulating the power plant from the frame.
 All together, these many engineering advances add up to a gliding Ride so restful that even long journeys leave you fresh and untired. Yes, there's a lot of difference in low-priced cars. And, in performance, safety and beauty, as in Ride, it's Plymouth that makes the difference.
 *At moderate additional cost
PLYMOUTH BUILDS GREAT CARS... GOOD SERVICE REPS THEM GREAT. Your nearby Plymouth dealer will provide the service and factory-repainted parts to keep your present car in good condition while you're waiting for your new Plymouth. PLYMOUTH Division of CHRYSLER CORPORATION, Detroit 21, Mich.
THERE'S A LOT OF DIFFERENCE IN LOW-PRICED CARS... AND PLYMOUTH MAKES THE DIFFERENCE
