

(NEA Radio-Telephoto)  
Danish passenger ship Ebo, which was partially submerged off the Jutland coast after it struck a drifting mine with an estimated 400 to 450 persons aboard. Unofficial reports from Copenhagen said that 200 passengers and crew members were missing. NEA-Acme Radio-Telephotoed from Copenhagen to London and radioed from London to New York.

## Banker to Talk At Credit Meet

### Former UO Student Behind Footlights

From the campus to the stage was a short hop for Billy Bishop, former University of Oregon student whose appearance at the Holland Club will end Saturday night.

Bishop, a magician, attended Oregon for a year before the war, during the school year 1946-47, and fall term of 1947. Variety, trade magazine of the show business, gave him a flattering send-off after a Portland appearance.

Portland is his home-town. He is at the Holland with the Radio Ramblers.

Mrs. Grace Baxter, representative for Knapp Air-Cushioned inner soles shoes, 115 E. 11th Ave. Apt. 2. Phone 5193-R or 4249-M.

The Lane County Credit Assn. will hear William Choate, vice-president of the United States National Bank of Portland and past president of the Retail Credit Assn. of Portland, at a noon luncheon Monday, June 21, at the Eugene Hotel.

The speaker's subject will be "Today's Credit and Our Banks," according to Don Goode, executive secretary of the local organization.

Coordination  
Coordination of credit control methods employed by the Portland metropolitan trade area with current survey programs in effect in the Eugene territory will be attempted at the meeting.

Following the results obtained by the Lane County Fuel Dealers Assn. on charge account control with the cooperation of the credit bureau, related trade groups have requested similar programs.

Auto Retailers

Automotive sales and service retailers have begun a survey of slow and unsatisfactory accounts, with Mary Jo Causey, Credit Bureau representative, handling the research.

Mrs. Causey has been an interviewer for several public opinion poll agencies and holds a representative card of Audience Research, a division of the Gallup Poll enterprises.

The program she is introducing has been endorsed by more than one hundred firms engaged in automobile sales and service.
