Ex-Assessor Dead
ONTARIO—(P)—Ed Hendricks, former Malheur County Assessor, was found dead of a bullet wound at his home Monday.
Coroner R. A. Tacke said the death was suicide. He said Mrs. Hendricks heard the shot from a .30-.30 caliber rifle. The former county official had been ill.

Violinist Arno Compares Rare Fiddles, Used Cars

By PATRICIA CLEARY
HOLLYWOOD — (U.P.) — The Stradivarius violin is the world's most expensive myth, a concert violinist said Tuesday.
Victor Arno said the celebrated violin is as much of a hindrance as a help to the modern player. In radio and television, he said, it's fast becoming obsolete.
"A good violinist can sound just as good on a \$90 fiddle," Arno said. "I know, because that's what one of New York's best commercial violinists plays."
Arno, now concert master of four network radio shows, toured Europe as prodigy at 15 and played 40 concerts. He—and his audiences—thought he was strumming a \$50,000 instrument.
At the end of his tour he found it was worth, at the most, \$350.
"The important point," he said, "is that nobody could tell the difference."
According to Arno: Blindfolded, not even the experts know a Stradivarius when they hear one. With their eyes open, a few of them do.
Most Stradivarius violins have been repaired so often in their 200-odd years that there's hardly a square inch of Stradivari left.
"I saw one run over by a bus," he said. "The only piece left was the bridge. It was completely re-

Germans to See American Jets

GOOSE BAY, Labrador — (U.P.) — Fourteen U. S. Shooting Star jet fighters take off Tuesday for Greenland where they will rendezvous with six British Vampire jets in the first such trans-Atlantic crossing by the speedy planes.
The squadron of U. S. Air Force F-80's arrived here Monday night after flying the 800 miles from Dow Air Base, Bangor, Me., in a little more than two hours. Two of the 16 planes that started the flight from Selfridge Field, Mich., were left behind in Bangor for mechanical repairs.
The British group, which is bound for Montreal and then New York to take part in air show dedicating the opening of Idlewild International Airport July 31, arrived in Keflavik, Iceland, at 1 p. m. Monday after a flight of 600 miles from Stornoway, Scotland.
Air Force officers said the flight of the combat-equipped U. S. planes to Germany was purely a training flight. The jets are scheduled for two weeks of exercises in Germany.
World War II Ace Lt. Col. Dav-

id Schilling, of Traverse City, Mich., the flight commander, said his planes cruised at an average of 400 to 420 miles an hour during the fight from Dow Field.
Two C-54 transports carrying emergency rescue equipment, a C-47 with repair parts and ground personnel and a B-29 weather observation plane are accompanying the jets.
The British group included two York four-engined transports and two twin-engined Mosquitos for navigation and emergency assistance.
From Goose Bay, the U. S. group was to fly 875 miles to Greenland, then 650 miles to Iceland, and another 800 mile leg to Scotland, where they were expected to reach the air base at Furstenfeldbruck, Germany.
Actual flying time for the trip was expected to total less than 12 hours, but stopovers for fueling, repairs and weather boosted the estimated trip time to three days.
MYRTLEWOOD gifts are appealing to the eye and always appreciated. 2212 Agate, Al Mellies.

CAA to Examine Radio Job Applicants

Civil Aeronautics Administration will conduct examinations sometime after August 5 for permanent appointments as radio maintenance technicians in the CAA, the Federal Communications Commission and other federal agencies.
The jobs are open in Idaho, Montana, Oregon and Washington, and the examinations also will be used to help recruit workers for positions with the CAA in Alaska where many vacancies exist.
Starting salaries range from \$3351 to \$4479 a year, plus 25 per cent for service in Alaska. Qualified applicants between the ages of 18 and 62 will be given a written test. Complete information is available at Eugene Postoffice. Applications must be on file with the Board of U. S. Civil Service Examiners, CAA, Postoffice Box 3224, Seattle, not later than August 5.

Cold Comfort

JEFFERSON, Ore. — (U.P.) — A tavern owner here put his money "on ice" at closing time, but the Marion County sheriff's force was looking for it Tuesday.
Sheriff Denver Young said a burglar entered the town tavern early Monday morning and took \$850 in cash from the establishment's walk-in ice box, where the proprietor said he put it for safekeeping.

SKIN TROUBLE? YOU HAVEN'T TRIED RIDD!

Pimples, Itchy Torment, Rash, Ring Worm, Athlete's Foot, Etc.
are so often externally caused by sebum (oil) imbedded in the skin. (Microscopic, purple test-tubes, tubes, rods, etc.) You can try everything under the sun that acts on the surface only, and still have the trouble—until you try Clinically Proven RIDD, the first-line powder that penetrates to kill these germs deep within the skin. Then normal healing can quickly result at last. Full refund to make on return of bottle if not positively cured, as tested.
