Truman Will Appear Before Special Session

WASHINGTON — (AP) — The White House said Wednesday that President Truman will deliver personal his appeal for anti-inflation legislation and other measures.

Mr. Truman will address a joint session of the two houses at 9 a. m. (PDT).

The time for his appearance Tuesday was decided upon after telephone consultation with both Republican congressional leaders and leaders of the Democratic minority.

Congress will convene Monday in answer to Mr. Truman's call.

Gov. Thomas E. Dewey, the Republican presidential nominee, is reported favoring a brief GOP lawmaking program and a quick end to the session.

His friends say he feels that GOP leaders, after hearing Mr. Truman's message, should be able to agree on a brief outline of measure that can be passed without long delay.

Presidential secretary Charles G. Ross said the President is now drafting an anti-inflation bill dealing with rising prices. Ross declined to give any details of that measure.

At the same time, Ross would not disclose the extent to which bi-partisan foreign policy will figure in Mr. Truman's talk to the legislators.

He said Mr. Truman will ask Congress to remove what the chief executive has described as discriminations in the recently enacted displaced persons bill.

Ross said the President also will call for:

Passage of a pending measure to provide federal grants of \$300,000,000 annually to the states for aid to education; and—

Immediate enactment of legislation raising the minimum wage from 40 to at least 75 cents an hour.

Herbert Brownell, Jr., Dewey's campaign manager, has made it plain that the New York governor does not think Congress ought to stay around all summer in an effort to write the Republican platform into law.

Daily Worker Chief Gives Up

NEW YORK — (AP) — The eighth top Communist leader of 12 indicted on charges of advocating violent overthrow of the U.S. government surrendered Wednesday.

John Gates, 34, editor of the Daily Worker, Communist Party newspaper, said as he appeared in federal court, "I have a clear conscience." Later he was released on \$5000 bail.

Six Others

Six others of the party high command, headed by Chairman William Z. Foster, and Eugene V. Dennis, general secretary, formerly of Seattle, were arrested Tuesday night shortly after the special federal grand jury returned the indictments. A seventh was held in Detroit.

Gates, an Army paratrooper in the war, said he learned of the indictments from the newspapers Wednesday morning.

Bail of \$5000 each for the six arrested here was posted in U.S. treasury bonds Wednesday by Robert W. Dunn, treasurer of the Civil Rights Congress, when they appeared before federal judge Vincent L. Leibell.

Brings Protest

The arrests, one of the sharpest blows yet struck against organized Communism in this country, brought an immediate, strongly-worded protest from national headquarters of the party.

It described the indictments as a "monstrous frame-up" and said the arrests were part of a plan by President Truman to embarrass the New Party of Henry A. Wallace.

Foster and the others indicted are specifically accused of "conspiring to teach and advocate the overthrow of the United States government by force and violence."
