### Child Falls From Apartment Porch

PORTLAND — (AP) — A 22-month-old child who fell from a third floor apartment porch was in "fair" condition Wednesday.

The child, John A. Stubblefield III, suffered a skull fracture. His mother said he unlatched a small gate in the porch railing and fell about 30 feet.

His father, an Army sergeant stationed in Maryland, is to be flown here by the Red Cross. The hospital reported, however, that the child's condition was believed not critical.

### Oil Strike Creating California Boom Town

LOS ANGELES — (AP) — California's richest oil strike in a quarter of a century rapidly is converting sprawling Cuyama Valley into a boom town of towering derricks, pipeline networks and the inevitable mushrooming trailer sites.

The valley is about 20 miles wide and 50 miles long, lying in an east-west direction midway between Santa Maria and Bakersfield.

Richfield Oil Co. within the past month has brought in two wells in the area—one for 600 barrels daily and the other at 8000—and expects shortly to complete several more.

### Feed Costs Increase Poultry, Egg Prices

LOS ANGELES — (AP) — Egg and poultry prices will continue to increase during the next 12 months because of the high cost of feed, Harry Atkins, Davenport, Iowa, secretary of the American Poultry Assn., predicted Wednesday.

He told newsmen that grain prices have more than doubled recently, and that poultry and egg production has dropped 13 to 24 per cent as a consequence. Atkins is here for the 75th annual convention of the association.
