By THELMA CHANDLER

OAKRIDGE—After 37 years of service, Archie Handley has resigned as a Southern Pacific engineer.

He came to the United States from Canada in 1909 and started his railroad career in 1911 as a supply man for the Oregon Short Line at Kemmer, Wyoming. He worked there as a hostler and fireman for six years, leaving in 1918 to hire out as a fireman on up with tools and work clothes—and then go to the Denny's for supper. A surprise is planned for the social part of the evening.

New members of the grange are Mr. and Mrs. Melvin Williamson.

WILLAKENZIE Grange met Saturday. A hamburger and wiener roast is to be held at the outdoor fireplace preceding the next grange meeting.

Women of the grange are asked to bring dessert and salad.

Earl Harrison said it is time to spray apples and pears for codling moth and told of a new chemical to plow into the ground which is effective at relatively low cost. Fred Knox announced grange fair booth premiums would be higher at the Lane County Fair this fall.

Mrs. Mahary told of several boxes of clothing, shoes, and bedding being sent by the Wolf Creek Grange in Eastern Oregon for the Gilkison family, Vaport flood victims for whom Willakenzie grange held a recent shower.

Mr. and Mrs. Glen Simmons of Thurston Grange were visitors and Mr. Simmons gave two very "colorful" minstrel vocal numbers.

Highlight of the evening was the arrival of Master and Mrs. Lewis and 11 young members of Hebron Grange, who introduced their queen candidate, Betty, for the regatta to be held at Cottage Grove Dam Aug. 6, 7, 8. Their orchestra furnished several musical numbers.

Mrs. Cora Saunders presented an impressive tableau "Ceres" assisted by Mr. and Mrs. Charles Dalton, Dorothy Moditor and Mrs. Gerald Saunders.

Mrs. Ray Mitchell gave some lively piano selections.

Mr. and Mrs. Angus Cameron were obligated in the first and second degree of the order by George Molitor.

SANTA CLARA—Grange picnic is to be at 530 River Road, Sunday, July 25, 1:30 p. m. Mr. and Mrs. Darrell Barker and Mr. and Mrs. Roy Overgard are in charge of tables and coffee.

This does not include new members.

The refreshment committee for next meeting will include Mr. and Mrs. Harold Woodruff and Herbert Stoneberg.

Memorial Day on a big 3-10-2 type engine No. 3768 from Brooklyn Yard to Eugene.

For many years he operated in all kinds of service on the division until his seniority was such that he could hold an assignment at Oakridge, where he worked as a helper engineer until he made his last trip June 28, 1948 on Eng. No. 4127.

His plans for the future are to be able to work at his hobbies. He likes hunting, fishing, gardening and his main hobby is carpenter work. He has a shop and enjoys making and fixing things. The "grapevine" has it that he is now busy doing some remodeling on their cozy little home on Salmon Creek, "but of course under Mrs. Handley's supervision."

Asked if he missed the hub-bub of the railroad and the work, he replied: "Nope, I just don't get a chance. Mrs. Handley is the call boy and my job is regular."

Knowing of his hobby for gardening and landscaping his fellow workers presented him with a "utility trailer" with which he is very pleased.
