Hospital School Here to Put Up Quarter-Million - Dollar Facility

(CONTINUED FROM PAGE 1)

Maloney, Seattle architect who specializes in hospital work.

It will include beds for 50 youngsters in dormitory accommodations, with eight beds to a dorm; accommodations for 30 day students (the capacity of the present hospital school); rooms for physical therapy, occupational therapy and speech therapy; classrooms for kindergarten and grade school ages; dining rooms, kitchen and service rooms; medical examining rooms; covered entry way and play space; and quarters for the night staff. Construction will be of reinforced concrete.

The operation of the school and the progress of the children will be supervised by doctors. A medical board has always worked with the board of directors of the hospital school, and doctors have given their time.

The school, which will cost $90,000 to $100,000 a year to operate, will have a staff of 25 to 30, including teachers, nurses, service and kitchen help, secretarial help and therapists.

Miss Markham

Miss Blanche Markham, physical therapist and superintendent of the hospital school since it first opened in Eugene last October, will continue as superintendent.

The Oregon Society will furnish about $20,000 annually toward operating expenses, and the remainder will be raised through tuition, when parents can pay it, and contributions.

First on Coast

Tuition is estimated at $150 a month for resident students. It will be the only school of its kind on the Pacific Coast.

The board of directors is looking to the state board of education for all instructors but the kindergarten teacher, who will be hired separately. About seven teachers will be required, the board believes.

Selection

Children will be selected on the basis of need, and on the basis of their capacity to benefit.

Selection for resident students will be state-wide. Details will be worked out later.

Ready in Year

The board of directors hopes the school will be ready for occupancy a year from this fall. It will operate on a nine-month basis.

It was through a suggestion of the board that the hospital will be named the John Phetteplace Memorial. Dr. and Mrs. Phetteplace lost a son several years ago from cerebral palsy.

SATAN'S HELL DRIVERS, who will appear in a benefit show at the fairgrounds Friday night, do not appear too happy with Art Campbell, member of the Eugene Active Club which is sponsoring the show as a part of its youth recreation fun-raising program. Campbell seems content to ride in his ordinary car, but the drivers seem to want him to come crash drive with them.

JAYCEES TO NOMINATE

Eugene's Junior Chamber of Commerce late Friday took out four petitions to nominate Ralph Newman for city mayor. Petitions are due Aug. 25.

Chicago Firms Face Trust Act

CHICAGO — (U.P.) — A federal grand jury investigating cost-of living price structures in the Chicago area Friday indicated eight major dairies and 13 officials of the companies .

The grand jury, which has been investigating prices since September, 1947, returned three indictments before Federal Judge John P. Barnes.

One indictment, charging violation of the Sherman anti-trust act, named eight dairy companies and nine individuals. The other indictments, charging violation of the Robinson-Patman act through the giving of rebates, named respectively a dairy company and two individuals and another dairy company and six individuals.

The Bowman Dairy Co., Borden, the Beloit Dairy Co., the Capitol Dairy Co., the Hunding Dairy Co., Meadowmoor Dairies, Nnc., the Western United Dairy Co., and the American Processing and Sales Co. and various officers were charged with Sherman anti-trust Act violation.

For seven years, the indictment charges these companies unlawfully allocated wholesale outlets of fluid milk for their own mutual satisfaction in the Chicago area, thus enabling them to keep milk prices up.

MacArthur Returned To Active Duty List

WASHINGTON — (U.P.) — The Army announced Friday the restoration of Gen. Douglas MacArthur to the active list of the Army in the rank of general of the army effective July 9.

MacArthur has been on the retired list since Dec. 31, 1937, even though he was called to active duty on July 26, 1941. He became a five-star general on Dec. 18, 1944 and that rank was made permanent on March 23, 1946.

The last Congress passed an act permitting retired five-star generals to return to the active list at the discretion of the President.
