Strike Looms As Unions Talk With Company

CHICAGO (AP)—CIO communication equipment workers' and Western Electric officials Tuesday opened last-minute wage negotiations in an effort to stave off a nationwide walkout which would affect at least 25,000 persons in 43 states.

The union has set a strike date which it did not disclose. It has announced a walkout could be called on "short notice."

Negotiating sessions were closed, and participants would not discuss progress. Neither would they predict how long they might last.

AFL telephone equipment workers struck in Southern Illinois Monday, and CIO communications workers were set for a nationwide walkout against the Western Electric Company.

Burton Saunders, general manager of the Illinois Commercial Telephone Company, said a walkout of 400 plant workers Monday was 90 per cent effective in exchanges in Southern Illinois.

Telephone operators refused to cross picket lines, tying up communications.

Company and union officials met Monday night with a federal labor conciliator at Springfield, Ill. The union cut its wage demands from a flat 35 cents hourly boost to a sliding scale increase of 12½ to 22½ cents.

And in Omaha, officials of the Communications Workers of America and the Northwestern Bell Telephone Company scheduled talks to try to settle a four-month wage dispute involving 17,700 workers in five states.

Kiwanis Clubs Vie For Battleship Gavel

NORTH BEND (AP)—Kiwanis clubs in Southern Oregon are trying to out-travel each other to get possession of a gavel formed of wood from the Battleship Oregon. Twenty-four North Bend Kiwanians have chartered a plane for Wednesday to make a 263-mile trip to Klamath Falls for a club luncheon there. They will carry the gavel.

brought the gavel here last week. There are seven clubs in District 15. The club piling up the most man-miles will take possession.
