

Canada Puts Controls Back

OTTAWA — (AP) — The Canadian government put price controls back on bread and flour as a result of what it called a "general, unwarranted" increase in prices to consumers.

The official announcement prohibited sale of flour made from western wheat or flour made from the flour at prices above those of July 31. The order was effective immediately.

On July 31 Trade Minister C. D. Howe announced an increase in the price for wheat from \$2.25 to \$2.40 a bushel. At the same time the government announced a 10-cent subsidy to millers, which brought the actual cost of wheat to the old price.

Recipe

INDIAN TAPIOCA PUDDING

1/2 cup quick-cooking tapioca
1/2 cup corn meal
1 quart milk, scalded
1 cup New Orleans molasses
1/2 teaspoon salt
2 tablespoons butter
1 1/2 cups milk

Combine tapioca and corn meal and sprinkle into the scalded milk. Stir and cook until the tapioca becomes transparent, then add the molasses, salt and butter which have been stirred together. Pour into a buttered baking dish, add cold milk without stirring. Bake in a moderate oven (350 degrees F.) about one hour. Serve cold with whipped cream. Chopped dates may be added to this if desired. This makes one quart of pudding.

Miss Richards Listed As Scripps Student

CLAREMONT—Miss Diane Richards, daughter of Mr. and Mrs. Joe Richards of Eugene, will be a member of the freshman class at Scripps College entering the women's liberal arts college in September. Miss Richards, a graduate of University High School, is particularly interested in speech, drama, English, and journalism. She was editor of the school paper and member of the yearbook staff and has been very active in school and community activities.

Eighty members of the freshman class at Scripps College will be welcomed to the campus on September 21. A statistical survey of the new class reveals that the typical member of the class of 1952 will be a thousand miles from home, which is as near as Ontario, California, and as far as Rotterdam, Holland. The new students come from nineteen states and three foreign countries, Holland, Mexico and China.

NOT HIS LUCKY DAY

KENOSHA, Wis. — (AP) — Bad luck rode Abraham Luskin. His unluckiest day began when he found an overtime parking ticket on his car. While he paid a \$1 fine, another car rolled into his left fender and hub cap. To make the day complete, another car hit Luskin's machine broadside, damaging it to the extent of \$200.

Pillow Weights Show Fillings Used

Few women bargain hunters buy their household pillows by the pound apparently, but there would be profit in it if more did.

If the weight of the pillow is not printed on an accompanying label, weigh the pillow before buying, suggests Mrs. Myrtle Carter, O. S. C. extension specialist in clothing and textiles. The standard size pillow, measuring 21 by 27 inches, will vary in weight according to the grade of filling. Filled with chicken feathers, a pillow will weigh about three and one-half pounds; a high grade goose feather pillow will weigh approximately two and one-half pounds. Down filled pillows will weigh about one and three-quarters pounds, Mrs. Carter states.

Down is used in the highest quality pillows. Goose feathers rank highest among feather pillow fillings. The difference between white and gray goose feathers is merely a matter of supply and demand. White feathers are more scarce, hence higher in price.

Mrs. Carter says weight alone will not suffice in determining pillow quality. Before making a purchase, test the pillow for fullness by shaking down the filling. If three or four inches of cover are empty after shaking, the filling is short.

Odor is another particularly unattractive quality in some pillows. Shake and pat the pillow watching for dust particles. Check for stiff quills and matted feathers.

Good pillows have buoyancy, Mrs. Carter adds. As a test, she suggests a pillow be held in the palm of the hand. Good ones stay plump and hold their shape. Sagging indicates insufficient filling.

Resiliency is tested by pressing down in the middle of the pillow. The more quickly it rebounds, the better the grade of filling used, Mrs. Carter states.

President Aleman Maintains Silence

MEXICO CITY — (AP) — Press reports that the Mexican cabinet had presented its resignation en masse to give President Miguel Aleman a free hand to recognize his government if he wishes resorted only in a mysterious silence from the presidency Friday.

President Aleman was in Cuernavaca preparing his annual report on the state of the nation which will be delivered to a joint session of Congress Sept. 1. His spokesman at the presidency

Miss Virginia Nelson, for the past year and a half a secretary in the office of the associate director of student affairs, will leave Eugene this week for the East Coast where she will embark for the Sorbonne, Paris, France. Miss Nelson plans to complete work for a master's degree in language at the Paris University.

would neither confirm or deny the report. The newspapers Excelsior and La Prensa gave the report page-one prominence Friday morning and all afternoon newspapers immediately picked it up, crediting it to "informed sources." The press said the resignations were motivated by the wave of public criticism of the administration in the press and by word of mouth since devaluation of the peso July 21.
