

Spider Bites Official
At WCTU Institution
CORVALLIS—Miss Ruth Wilde, assistant matron at the WCTU Children's Home, was recovering from effects of a spider sting which made her unconscious Sunday.
Miss Wilde was poisoned when she crushed the spider under her heel. Within an hour, she was unconscious. Dr. William Garnjobst flew to Beaverton to obtain serum from a Portland pharmaceutical company.
After an inoculation Miss Wilde showed indications of recovering.

The national parks of Canada had their beginning in 1885 when 10 square miles around the hot mineral springs at Banff, Alberta, were reserved for public use.

He'll Have To Explain

EDMONTON, Alta. — (AP) — A 60-year-old Washington, D. C., man who flew northward from Edmonton two weeks ago in search of a spot where he could get away from civilization, bumped homeward on horseback Tuesday.

When V. G. Murray gets back, he'll have some explaining to do to the RCAF, which spent more than \$35,000 looking for him. His twin-engine Cessna aircraft vanished Aug. 7 after he filed a flight plan to Grande Prairie, Alta., 240 miles northwest of here, on what he said was the first leg of a trip to Fairbanks, Alaska.

Royal Canadian Mounted Police officers found Murray at Lonely Nose Creek, 75 miles southwest of Grande Prairie and well off his announced course. He appeared none the worse for his 16-day outing.

The plane, well-stocked with supplies when it left Edmonton, still is missing. News of its fate, and the story of Murray's back-to-nature holiday, will have to await completion of the 50-mile trek to Wembley, nearest outpost of the civilization he left two weeks ago.

Of the major U. S. cities Washington with 11.6 persons for every theater seat, Chicago with 10.5 persons per theater seat and New York with 10.3 have the smallest number of theater seats per unit of population.
