emophilin**  
Effective long-acting hemophilin—a blood thinner—was re-

clot normally. Persons can die of hemorrhage from slight cuts or wounds that would heal readily in persons with normal blood.  
Transfusion have been used successfully in patients suffering hemorrhage, the researchers said, but no treatment has been devised until now that will control the bleeding tendency over long periods.  
The research was done by Dr. Benjamin Alexander and Greta Landwehr of the medical research laboratories, Beth Israel Hospital, and the department of medicine, Harvard Medical School, Boston.

**Local Recruiters To Enlist WAVES**

Information concerning the enlistment of Lane County women in the WAVES, regular U. S. Navy, was released Tuesday by CMM Charles Daws, recruiter in charge of the Eugene naval office.  
Women 21 to 30 years of age with high school educations and who are citizens of the United States are eligible. Enlistment terms are for three, four or six years.  
Applicants must be fully discharged from all other branches of military service and any military commission must be completely terminated before enlistment will be accepted. All standards set for male naval personnel will be maintained for the WAVES, Chief Daws said.

National enlistments opened Sept. 15 and the Eugene recruiting office will accept applications in the near future, according to Chief Daws.

**'We Cover the Bread'**

HARRISON, N. J.—(AP)—Breakfasts for ten cents and sandwiches for eight cents are being offered at a local restaurant.  
The proprietor explained to startled customers that the breakfast consists of a roll and a cup of coffee. The sandwiches are two slices of bread with a choice of cheese, salami or bologna.  
The sandwich filling isn't thick, proprietor Jack Levine admitted, but "we cover the bread."

Services for Donald Arp, 21, Cottage Grove, were scheduled for Tuesday afternoon at Mills Mortuary in Cottage Grove. Arp died as the result of a Saturday night auto-motorcycle accident.
