...w Selective Service ...icies Announced

...on State headquarters ...tive service system has ... new policies dictated ...ent up-to-strength po... ...e armed forces. ...s announced that selective service registrants now classified 1-A—"available for service"—who felt that they should be placed in a deferred classification should so notify their local boards. the boards then will reopen their cases, if facts warrant, and reconsider in view of possible reclassification.

Inform on Address

Major Gen. Lewis B. Hershey, director of selective service, also stressed the legal obligation of all registrants to keep their local boards informed as to any change in their selective service status or change of address—regardless of whether or not they have reached the age of twenty-six, beyond which men are not liable for service under the present law.

Hershey, quoting from a letter sent all state directors, said that if the Army is to be limited to its present strength, then obviously additional personnel will be required for replacement purposes only, and there is the possibility that voluntary enlistments stimulated by the selective service system will provide such replacements.

Instructions Given

The service chief said that local boards, through the state directors, had been given the following instructions:

1. Cancel all orders to report for induction which might have been issued for February inductions except those issued to delinquents. Cancel all other orders to report for induction outstanding after January, 1949, except those issued to delinquents.

2. Cancel all orders to report for armed forces physical examination and issue no other orders to report for armed forces physical examination until instructions are received to resume sending men for examination.

3. Continue as usual to register all persons required to register under the act.

Mail Questionnaires

4. Continue the mailing of questionnaires.

5. Local boards will complete the classification of all registrants.

6. Normal action by appeal boards will be resumed and cases now before them, awaiting transmittal or hereafter arising, will be handled in the usual manner.

7. Registrants who have been classified should be reclassified at any time there is a change in status requiring such reclassification.

8. Any registrant may volunteer for enlistment in the Army, Air Force, Navy, Marine Corps or Coast Guard until further notice.

9. With the resumption of inductions calls will be levied so as to cause men having the same year of birth to be inducted during each induction period and to avoid taking men of a younger class from one area while substantial numbers of older men are available in another.

Shanghai Afraid, But Not Of Approaching Communists

(Editor's note: Shanghai, the seventh city of the world, may soon change masters. Communists may take over from the Nationalist government. What will this mean to the large foreign colony of businessmen in Shanghai? United Press Correspondent Arthur Goul answers this question in the following dispatch. He says there is fear in Shanghai, but not fear of the Communists.)

SHANGHAI —(U.P.)— There is a strong undercurrent of fear flowing just beneath the calm surface of Shanghai.

It is not fear of the Communists, even though they are expected to take over the city sooner or later. It is the fear of uncontrolled violence which might spring up within the city.

Businessmen are afraid this threat may materialize somewhere in that period of vacuum between the time Nationalist troops lose control of the city and the time the Communists gain control.

Fear Coolies

It is the fear of frenzied coolie mobs, driven to fury by years of hunger and inflation. So far this hositility has been suppressed by drastic police measures. Whether it will continue to be suppressed is one of the worries of foreign officials here.

There are signs around that preparations are being made to protect Shanghai. Rolls of barbed wire adorn the top of the iron fence surrounding the grounds of the British Consulate.

Marines Present

More than 700 American Marines are quartered on the transport Bayfield in the harbor. They are here to "protect American lives and essential property."

The Marines keep to their ship, exercising in the compound of the Naval annex. But their police jeeps, equipped with radios, are beginning to be seen in unobtrusive patrols through the city.

Tough Sikhs, the traditional bodyguards of the British, guard the entrances of American and British official buildings along with Chinese military police.

Plans Secret

But even more extensive than this are the underground preparations which have been made for the protection of foreign nationals. No word of these plans has slipped into the Chinese press. Instructions on the plans have been carried by word of mouth, and the secret has been suprisingly well kept.

Two Charged in Wreck

PARIS —(U.P.)— A student locomotive engineer and his instructor were held on charges of "homicide by negligence" Monday in the train wreck near Port d'Atelier Friday in which 43 persons were killed and 150 injured.

Police said the student drove his locomotive through a yellow warning signal and onto a switch, where the Nancy-Dijoin express rammed it at top speed.

It was the worst crash in France since the war.

Flame Thrower?

EVERETT, Wash.—(AP)—William Van Winkle of Everett has a cigaret lighter that works too well. In fact it worked so well that he was hospitalized for second degree burns of the face and right hand and the fire department was called out to extinguish the house fire that followed Sunday evening.

Van Winkle filled his lighter. Some of the fluid spilled over. He tried out the lighter. It worked.

ENGLAND DERATIONS CANDY

LONDON —(AP)— Food Minister John Strachey announced in the House of Commons Monday that all candy will be derationed on April 24. The current candy ration amounts to four ounces a week. Candy has been on ration in England since July, 1942.

Trade sources estimated the average weekly increase would be only about half an ounce per person.

New York Markets

NEW YORK, Feb. 21—(AP)—Losses outweighed gains in the stock market today.

Declines were mostly fractional and a handful of issues tacked on small gains.

The day's business dropped to one of the lowest figures in months. Turnover was at the rate of 850,000 shares for the full session.

Some marketmen took the day off entirely to take advantage of tomorrow's recess in observance of Washington's birthday.

Losers most of the time included Santa Fe, Union Pacific, Texas Co., Twentieth Century-Fox, Philip Morris, International Paper, General Motors, and Bethlehem Steel.

Making a better showing were Republic Steel, Goodrich, Montgomery Ward, Du Pont and American Airlines.

(A) CHARTER AMENDMENT
AN ACT

To amend the Charter of the City of Eugene, Lane County, Oregon, by adding a new Chapter thereto, authorizing and empowering said City of Eugene, acting by and through the Eugene Water Board, to improve and enlarge its water and electrical utilities' systems, within and without the said City, by the purchase, construction and installation of such units, equipment, transmission facilities, and structures as shall in the judgment of the said Eugene Water Board be deemed expedient, convenient and necessary; to secure by purchase, condemnation or otherwise, within and without the said City, all real estate, rights of ways, property, water rights, easements and licenses necessary or convenient to said improvement and enlargement, and to purchase, construct and install any and every unit, equipment, structure and appliance reasonable and necessary therefor; and further authorizing and empowering said City of Eugene, through its Common Council, to issue and sell negotiable general obligation bonds of the said City of Eugene, in the sum of $3,000,000.00, or so much thereof as shall be necessary for the purposes aforesaid, and further authorizing the said Eugene Water Board to expend the proceeds, with any other available funds, in payment therefor. The payment of said bonds shall be additionally secured by a pledging of the net revenues of the Eugene Water Board available for such purpose.

THE CITY OF EUGENE DOES ORDAIN AS FOLLOWS:

Be It Enacted by the Legal Voters of the City of Eugene, Oregon, that the Charter of said City be amended by adding thereto a new chapter to read as follows:

Section 1. The City of Eugene, Lane County, Oregon, acting by and through the Eugene Water Board, is hereby authorized and empowered to improve and enlarge its water and electrical utilities systems, within and without the said City, by the purchase, construction and installation of such units, equipment, transmission facilities, and structures as shall in the judgment of the said Eugene Water Board deemed expedient, convenient and necessary; to secure by purchase, condemnation or otherwise, within and without the said City, all real estate, rights of way, property, water rights, easements and licenses necessary or convenient to said improvement and enlargement, and to purchase, construct and install any and every unit, equipment, structure and appliance reasonable and necessary therefor.

Section 2. For the purpose of providing sufficient funds for the payment for such improvement and enlargement of said City's electrical and water utilities' systems, within and without the said City, and for the purpose set out in Section 1 hereof, the Common Council of the said City of Eugene is hereby authorized and empowered, and directed to issue and sell as shall be deemed expedient, convenient and necessary, and as shall be requested by the said Eugene Water Board, negotiable bonds of the City of Eugene, Lane County, Oregon, in the amount of $3,000,000.00 or so much thereof as shall be deemed necessary as aforesaid to be used with other available funds for the purposes set out herein.

Section 3. The bonds hereby authorized shall be general obligation bonds of the said City, and to mature within twenty years from the date of issue thereof, and may be in such form and of such denomination, due date, interest payment date, place of payment, and bear such callable features and provisions as the Eugene Water Board may deem most likely to enhance their value and insure their salability, and shall recommend unto the Common Council. Said bonds shall bear a rate of interest not greater than 6% per annum, and shall be sold for not less than 98 per centum of their par value and accrued interest.

Section 4. As additional security for the payment of the bonds hereby authorized, the Eugene Water Board is authorized and directed to pledge all or any part of the net revenues of the Eugene Water Board arising from the operation of the said City's electrical and water utilities remaining after deducting the expenses of maintenance and operation, and provision for retirement of present bonded indebtedness of said utilities, or either of them, required for the payment of principal and interest of the bonds herein authorized, and for the creation and maintenance of reserves and sinking funds deemed advisable by the Eugene Water Board for such purpose, notwithstanding any other present provisions of the Charter of said City. The Eugene Water Board is directed to establish and maintain from time to time such rates and charges for water and electrical services as will produce sufficient funds to pay the principal and interest of the bonds sold as aforesaid, together with other obligated charges.

Section 5. Should the said pledged net revenues of the Eugene Water Board be insufficient therefor, the Common Council of the City of Eugene is hereby authorized and directed to include in its general municipal tax levy each year such sufficient special levy as shall aggregate, together with the net revenues of said City's utilities as aforesaid, and any other available funds, an amount sufficient to pay the interest on the bonds and to pay the principal of said bonds upon the maturities thereof as issued, without regard to any tax limitation provided by the Charter.

Section 6. The Common Council is hereby authorized and directed to issue and sell said bonds from time to time as they may be needed for the purpose herein specified, but before any of said bonds shall be sold they shall be advertised for sale in the manner provided by law.

Section 7. That the money derived from the sale of said bonds, or any portion thereof, shall constitute a special fund for the use and benefit of the said Eugene Water Board, and shall be used for no other purpose than herein specified.
