Bailey Hill Modernizes With Fine New School Addition

BAILEY HILL — Bailey Hill community can look forward to a 12-room school within ten years according to Clarence Hines, Superintendent of Public Schools of District four, who spoke before the recent Bailey Hill Parent-Teacher meeting.

Immediate construction will begin on three additional class rooms, a 63 foot multi-purpose room, kitchen and heating plant, all facing west.

Facing east in the immediate building program will be the outer office, principal's office, book storage room, nurses room, and first-aid room.

The addition will be frame construction, no basement, concrete floors and will have many windows.

Five acres of land along Four Oaks Grange Road adjacent to the school property has been purchased.

An unique feature of the multi-purpose room, which is the activity room and dining room, is that the tables and benches are concealed in the walls and are pulled out when needed. The benches pull out independent of the tables.

The addition will give the school six class rooms, and it will be ready for the fall term. The present lunch room is to be a visual aid room.

Grade school pupils of Oak Hill now attending Stella Maglady will attend Bailey Hill until the population of that area justifies a new school.

Mr. Hines complimented the school on the fact that a picture of the first and second grades was chosen for the front cover of the Annual School Report for 1947-48.

Miss Grace Robertson, school nurse also complimented the school on having a Parent-Teacher Association transportation system whereby mothers without transportation are brought to school to consult the nurse.

Miss Robertson also praised the school on having clean-up kits containing tooth brush, soap and comb, to help the children keep clean at school.

Mrs. W. Bowser of Oak Hill, Mrs. Herbert Merker and Mrs. Albert Sicks of Bailey Hill are on the nominating committee. A money-raising event is being planned for the latter part of April which will include travel pictures and folk dancing.

Both men, who have entered pleas of not guilty, were hospitalized after the incident, Judd for several weeks.

Budrow also faces disorderly conduct charges to which he has pleaded not guilty.

Jobs Hard to Find

WASHINGTON — (P) — If you are the average man looking for a job it will probably take you about eight and a half weeks to find one — and maybe longer.

The Census Bureau said Saturday that was the average time it took to find work last month. This compared with 7 1/2 weeks in January.

Men were facing the bleakest aspect all the way around, in both unemployment and in time required to find new jobs.

It was taking them an average of nine weeks to find a job against an average of 6 1/2 weeks for women, the bureau said.

The unemployed total rose to a postwar peak of 3,221,000 last month.
