City Council Acts On Ward Changes

Preliminary action was taken by the Eugene City Council Monday night on several matters of city-wide importance.

First reading was given an ordinance that will realign the principal political boundaries within the city, the boundaries of the four voting wards.

The ordinance was presented to the council with an explanation from City Recorder Henry Beistel that the county elections department intends to increase the number of voting precincts in the city from 34 to 50 as soon as possible. The additional political subdivisions are required by a state law limiting each precinct to 500 voters. In the last general election, Beistel said, Eugene had several precincts in which more than 1000 votes were cast.

Changes of precinct boundaries will require conforming changes in the main ward boundaries, the recorder explained. Furthermore, shifting of the ward boundaries will bring about a more even distribution of voting strength in the four wards.

The new ward areas, when this ordinance finally is adopted, will be:

Ward One—All that portion of the city east of Willamette St. and the Spencer Butte Road and south of Fifteenth Ave. E.

Ward Two—All of the city east of Willamette St. and north of Fifteenth Ave. E.

Ward Three—All of the city west of Willamette St. and north of Eleventh Ave. W.

Ward Four—All of the city lying west of Willamette St. and the Spencer Butte Road and south of Eleventh Ave. W.

Another ordinance, "to regulate bankrupt sales, liquidating and closing out sales," was given first reading at Monday night's session and referred to the council's judiciary committee for study. The purpose of this proposed legislation, City Attorney John Pennington told the council, is to prevent the advertising of sales under

continuance of the hearing was granted. Bailey assured the council that he would advise his client to make the building secure against transients in the meantime. As soon as the title to the building is cleared, steps will be taken either to restore it or to tear it down.

Lowell Families Uncertain About Fighting Condemnation

LOWELL — Mr. and Mrs. Robert C. Odell and Mr. and Mrs. H. R. Spencer were uncertain Wednesday morning whether or not they would fight government condemnation proceedings against their homes. The government wants the land for relocation work near Meridian dam. The government price does not meet the price the two families had hoped to get for their property.

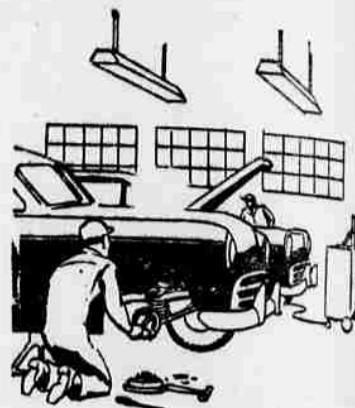

A federal court in Portland Tuesday authorized the government to take possession of the land, and gave the two families 30 days in which to vacate.

"We think it's a real rough deal," Mrs. Odell told the Register-Guard Wednesday morning. "We paid \$50 more for the place than the government is offering. Besides we put in a \$500 well and some other improvements."

Under terms of the federal court order the government must pay 80 per cent of the government price to the families before they vacate. The remainder will be paid later—whether it is the additional 20 per cent in the government's offer or

Howard who also own property in the area settled with the government at the government price.
