US Charges Moscow Campaign Launched Against Jap Authority
WASHINGTON — (AP) — The United States charged late Wednesday that Moscow is directing a campaign to undermine the authority of the Japanese government in the hope of seizing political power in Japan.
Gen. Frank R. McCoy made the charge before the 11 nation Far Eastern Commission, of which he is the U. S. member.
It was made in reply to a statement two weeks ago by Soviet

Vampire Slayer Will Be Hanged
LEWES, Eng. — (AP) — John George Haigh, self-confessed vampire slayer of nine, was condemned Tuesday to death on the gallows.
A jury of 11 men and a woman deliberated only 15 minutes before convicting the handsome, 39-year-old businessman of killing wealthy Mrs. Olive Durand-Beacon last Feb. 18, drinking a glass of her blood and destroying her body in a barrel of acid.
Haigh had pleaded for "a special verdict in the form of guilty of the acts charged but insane at the time they were committed."

Monroe Lumber Buys Timber
Monroe Lumber Co. of Eugene bought a salvage timber parcel on O & C land last week in a sealed bid sale held at the Bureau of Land Management office in Portland.
The parcel, located eight miles east of Springfield, included 270,000 board feet for a total value of \$9632. Douglas fir was \$8.57 per thousand, hemlock was \$2.90 and Western red cedar, \$2.30.
There were no bidders on 1,730,000 board feet located at Upper Camp Creek, 15 miles northeast of Springfield in the Upper Willamette marketing area.
The parcel, valued at \$16,621, included 1,705,000 board feet at \$9.70, 20,000 board feet hemlock at \$3.50 and 5000 board feet Western red cedar at \$2.50.

Five Cities Ban Self-Service
CHICAGO — (AP) — Self-service gasoline stations, an innovation in some West Coast localities, have been banned in at least 13 states, including Oregon, and a number of cities.
The help-yourself gas pumps have been declared successful in San Diego. Los Angeles County permits them, providing stringent safety rules are met, but the city of Los Angeles has outlawed them.
The American Municipal Assn. reports that cities which have passed ordinances against the self-service stations include Seattle, San Francisco, Monrovia, Cal., Boise, Idaho, and Salt Lake City, Utah.
Objections to the stations in municipal council and board actions were based chiefly upon claims of a high fire risk when pumps are handled by untrained persons.

IMMEDIATE DELIVERY
248.00
Delivered **The Quick Way to Get To Work**
SERV-CYCLE
Your time is valuable! Why waste so much of it, daily, going to and from work on a bus or a street car? Experience has shown that the average person can get to work directly, comfortably, and safely on a Servi-Cycle, in one-fourth of the time and at less than one-half of the cost of going by public conveyance. When you go "The Servi-Cycle Way", you ride all of the way, by the most direct route. There is no waiting, no transfers, and no rush-hour crowds.
Servi-Cycle is easy to ride; easy to buy—and a joy to own.
See it! Ride it!

Airlift May Be Reduced Soon
BERLIN — (AP) — British sources have said that the Anglo-American Airlift may be reduced two-thirds starting Sept. 1 if the British and American governments approve plans now under consideration.
The British cabinet will consider the proposal at its meeting and a similar plan is under consideration by American authorities, informed British officials said.
Authoritative American quarters refused to confirm or deny the British reports.
There were no signs of a slowdown. The average daily tonnage carried so far in July, 7535.3 tons, is almost 500 tons greater than in June, the previous high month. American planes accounted for 81 per cent of the deliveries.
Several Airlift bases in the Western zones probably will be closed as operations are shut down and planes withdrawn, the British report said.
A skeleton Airlift would remain in operation. If the Russians reimpose the blockade, this force could run an emergency service to Berlin until the main body of the Allied air fleet could be recalled to Germany.
Berlin now has a 90-day reserve of essential food and coal supplies, the highest since the war ended.

Blames Red Party
While McCoy did not specifically pin the initiation of the campaign on Moscow, American officials said it is clear that the campaign is directed by the Communist party in Japan which, in turn, is controlled by Moscow.
Panyushkin countered McCoy's statement by accusing American occupation of encouraging "brutal mobbing" of Japanese workers and "democratic forces." He said the authorities were bringing the Japanese economy "to a state of total collapse."
American officials termed Panyushkin's charges "pure Soviet propaganda."
