Serve Family of Six for Only 69 Cents

Inflation or deflation—economy is still the watchword of most of us in meal-planning. And serving a family of six for only 69c is a new idea you won't want to miss. It's a one-dish meal developed by Betty Crocker of General Mills and her staff, and it's called "Dinner-in-a-Shell!"

The cost of foods used in this interesting recipe have been checked. Here's a real opportunity for you to serve a novel dinner, with the main course costing only a little more than eleven cents a person. Serve it with salad, iced coffee and fresh fruit for dessert.

Dinner-in-a-Shell

1/4 lb. bulk pork sausage
1/4 lb. ground beef
1/4 cup chopped green pepper
1/4 cup chopped onion
1/4 cup flour
1 tsp. salt
1 tsp. pepper
1/2 cup sour cream
1 cup water
a little gravy coloring, if desired
1 cup cooked thin carrot strips
1 cup cooked green lima beans

Place in a large skillet and brown lightly, the pork sausage

and ground beef. Add the green pepper and onion and cook over low heat until vegetables are tender. Stir in the flour, salt and water, and a little gravy coloring, if desired. Stir until all ingredients are blended. Cook until smooth and thickened (about 5 minutes), stirring occasionally. Then add the cooked carrot strips and lima beans. Cook just long enough to heat vegetables, about 5 minutes. Pour hot mixture into hot baked Scone Pie Shell (recipe below). Cut into wedges and serve at once. Serves about 6.

*Other cooked vegetables may be used, if desired.

Scone Pie Shell

1 1/2 cups sifted flour
2 tsp. double-action baking powder
1 tsp. salt
1/2 cup shortening
1 large egg, beaten
1/2 cup milk

Sift the flour, baking powder and salt together into a bowl. Cut in the shortening. Stir in the egg and milk mixture. Round up and roll out on lightly floured cloth-covered board 1 1/2-in. larger than inverted 9-in. pie pan. Place loosely in pie pan. Press gently into place so that there are no air pockets beneath pastry. Build up fluted edge and prick bottom and sides of shell liberally with a fork to prevent puffing. Bake 15 minutes in hot oven (425°). Keep warm until ready to fill with meat mixture.

LEABURG DYBS

LEABURG—Daily Vacation Bible School closed Friday evening with a program, in which all classes participated. Special features were a rhythm band, shadow pictures, puppet show, memory verses, and songs. Teachers were Miss Verle Mills, Miss Dorothy Chatelain, and Mrs. Gladys Hansen.

Social Situations

SITUATION: Your husband answers a telephone call meant for him.

WRONG WAY: Ask, "Who was that, dear?" when he finishes.

RIGHT WAY: Don't be inquisitive about the telephone calls of members of your family.

When handkerchiefs are stacked together in a drawer, an easy way to tell your best from your everyday hankies is to fold the fabric squares into different shapes. As you iron from your finest linen or lace handkerchiefs, for example, fold them into triangles; everyday hankies may be folded into squares.

what an important asset to beauty a brisk circulation is want to know ways to accelerate the action of the blood stream. Exercise is one way. A brisk walk will bring you back home with all the evidence needed that a better circulation has been worked up. Almost as good for the purpose is a series of sitting-up exercises which don't have to be either strenuous or overly long. Massage, for those women who can afford it, has few equals when it comes to accelerating the blood. For those who can't swing a professional massage, self-applied vibrators can be of great benefit.

as a circulation aid. Another is the bath that's taken alternately hot and cold. The use of a friction mitt for scrubbing is extremely effective for drawing the blood to the skin's surfaces. While you're at it, don't overlook the importance of deep breathing. The best way to pump deep draughts of fresh air into your lungs is to stand in front of an open window when you get up in the morning. But be careful to wrap yourself up warmly for this session of deep breathing.
