

Many Nations Exerting Pressure US to Raise Price of Gold

WASHINGTON — Gold producers of the world are active in a campaign to bring the price of gold to a higher level. The price of gold is expected to be raised in a drive for a hearing at a meeting of the International Monetary Fund, in September, when the whole problem of world currencies is expected to be revived.

The gold producers are reported soliciting support from a drive at an important meeting in Paris, N. C. Havenga, minister of South Africa,

Bargo Put Rail Grain

ATLANTA — (AP) — The Association of American Railroads has placed an embargo on grain shipments to Pacific Northwest for government export purposes.

The embargo was announced by the Western Railway Conference, according to ship operations men, would complicate the movement of the new grain crop. The embargo since the government wheat exports were expected to clear the elevators for new crop grain.

The embargo was announced by the Western Railway Conference, according to ship operations men, would complicate the movement of the new grain crop. The embargo since the government wheat exports were expected to clear the elevators for new crop grain.

Pay Raise Bill Recommended

WASHINGTON — (AP) — Fatter pay checks for cabinet members and some 900,000 other federal employees are recommended by the Senate Civil Service Committee.

Cabinet members would get the biggest pay boost—from \$15,000 to \$25,000 a year—under legislation which the committee asked the Senate to pass. Paul Hoffman, the administrator for economic cooperation, would be boosted from \$20,000 to \$25,000.

Most of the proposed increases have already been approved by the House. The Senate committee approved the House bill with some additions and changes.

It also recommended an additional measure providing for an average increase of about 12 1/2 percent for 900,000 civil service employees. This bill would revise the service and lift its salary ceilings from \$10,000 to \$10,300 to \$15,000 a year.

Cost of the raises was estimated at \$122 million a year.

Senator Johnston (D-SC), chairman of the Senate Civil Service and Postoffice Committee, told reporters he hopes the Senate will pass both bills at this session, along with a third calling for a \$100-a-year pay raise for 500,000 postal workers. The committee approved the increase for postal employees previously.

RAIN FOLLOWS DROUGHT—Prolonged drought, in the Turin area of Italy was followed by rains and floods.

Shoes Aren't As Safe As Real Safes
PORTLAND — (AP) — This will teach Harold Wurtz not to use his shoes for a safe. His old ones, especially.

Mrs. Wurtz asked police to help her hunt for a pair of Wurtz' worn-out shoes which she gave to a relief agency three weeks ago.

She has just found out, she explained, that her husband had hidden his \$500 diamond ring in one of them.

Couples Plan Spouse Trade
LOS ANGELES — (AP) — Court Commissioner Clarence E. Johns needs the aid of an interpreter and two attorneys to unravel the marriage complications of two deaf-mute couples who may trade spouses.

Mrs. Mary Margaret Loomis, 41, was granted \$15 a week support for her and her son from Derald Loomis, 42-year-old unemployed photographer, pending a divorce trial.

Portland Streetcar Strike Averted
PORTLAND — (AP) — The Portland Traction Co. and streetcar bus drivers reached an agreement and ended the threat of a streetcar strike in the city Sunday.

The company and the AFL union decided to start arbitration with a mutually-agreeable chairman—or, if they cannot agree on a chairman, with a man to be named by the labor-management committee officers.

The union had threatened to strike Sunday unless the company agreed to long-delayed arbitration of the wage dispute.

'Good Kills' of Gorse Made By Using Special Solution
County Agent O. S. Fletcher attended a meeting this week of the Siuslaw Soil Conservation District board of supervisors. The problem of controlling gorse, a noxious weed, was discussed and a field inspection conducted of control efforts already attempted.

Fletcher outlined progress being made at Cushman in experimental work. In August of last year, Dr. D. D. Hill, head of the farm crops department at Oregon State College, sprayed gorse along the highway and between the highway and the river, using a solution called ammate.

These fields were examined and Fletcher reports that "good kills" were obtained wherever the plants were fairly well separated, permitting good coverage by the spray.

Where the growth was dense, the killing was not as widespread. About the middle of August, Fletcher plans to spray these areas again and also some new areas. William Rose, a resident in the district, reports that his herd of goats has helped to control the growth of gorse. They are pastured in a field and by feeding on

Weather
Local Statistics: Highest temperature Friday, 82 degrees; low Saturday, 56 degrees; rainfall in 24 hours ending 10:30 a. m., 0.02 inches; total for month, 0.02 inches; normal for month, 0.48 inches; stage of river at 7:30 a. m., minus 2.6 feet; wind at 11:30 a. m., East 4; prevailing wind Friday, West 7.

Sunrise and Sunset (PST): Sunday, 5:06 a. m. and 7:29 p. m.; Monday, 5:07 a. m. and 7:27 p. m.; Tuesday, 5:08 a. m. and 7:25 p. m.; Wednesday, 5:09 a. m. and 7:23 p. m.; Thursday, 5:10 a. m. and 7:21 p. m.; Friday, 5:11 a. m. and 7:19 p. m.

Youth Held in Medford For Letting Fire Spread
MEDFORD — (AP) — Edward Prefontaine, 20, Fools Creek, is held here in jail on a charge of permitting the spread of a fire. The charge was filed by Frank Hamilton, district state forest warden, in connection with a blaze that blackened 1200 acres last weekend near Fools Creek.

Foresters said the fire occurred when a youth smoking out bees failed to put out the flames after recovering the honey. It took 100 men and three bulldozers to bring the fire under control.

Prefontaine was unable to post \$100 bail.

LaGrande Man Heads 40 et 8

W. E. "Windy" Wilkins, LaGrande, was elected grand chief of the Oregon 40 et 8, American Legion fun and honor society, at the 28th annual "grand promenade" in Salem Wednesday.

The 40 et 8 convalesced, preceded the statewide Legion convention which got underway in Salem Thursday. It brought state organization points to the following Legionnaires:

Walter J. Kirk, Salem, grand chief of train; Harry F. Bahlman, Portland, grand commissaire; James R. Forsyth, Portland, grand correspondent; C. J. Layton, Astoria, grand conductor; Charles Dussler, Waldport, grand chef de la porte; Al Fielen, Salem, grand commis voyageur; Harry R. Gould, Medford, grand drapeau; and Dr. M. E. Cooper, Klamath Falls, cheminot nationale.

Visiting 40 et 8ers included Charles Peterson of Casper, Wyo., Spike McKee of Longview, Wash., and William A. Chandler, Pinehurst, Wash.

Retiring grand chief de gare is Dr. Cooper, who presided at the afternoon election session.

Prominent Methodist Dies Unexpectedly
EVANSTON, Ill. — (AP) — The Rev. Dr. Ernest Fremont Tittle, 65, internationally known Methodist leader, died Wednesday.

A sufferer from heart disease for several years, he had an attack and died unexpectedly. He occupied his pulpit in Evanston's First Methodist Church last Sunday.

Dr. Tittle was one of the foremost leaders of the Methodist Church.

His potent voice also was often raised against racial discrimination.

As chairman of the Methodist Church's Commission on World Peace, he widely influenced Protestant thought on international issues.

Wife Drops 'Satira' Suit
CLEVELAND — (AP) — A 34-year-old mother, who filed an all-mother action naming dancer Patricia (Satira) Schmidt as a co-respondent, says she plans to withdraw the suit.

"It's all a mistake," Mrs. Louise Ann Salupo tearfully told reporters.

Mrs. Salupo filed a petition in common pleas court against her husband, Sebastian, 35, a union business agent for laundry and electrical workers.

She asked for separate maintenance and custody of her children, but not a divorce. Her husband, she contended, had kept the Toledo dancer at hotels in numerous cities and had pictures of her in his Cincinnati apartment.

Satira was pardoned last October after serving a year in Cuba for killing her married lover, John Mee of Chicago. She denied knowing Salupo.

Illinois Picnic Set
Illinois Picnic will be at the Benton-Lane Park, Sunday, Aug. 7. Potluck is planned; coffee will be furnished. Games and fun are promised. Persons attending are asked to meet at the City Park, at 11 a. m. Those without cars will get a ride.

White mice flown over the "hump" to scientific laboratories in China in World War II were provided with oxygen during the trip.

Neuner Rules On City Bonds
CORVALLIS — (AP) — Oregon cities no longer will have to winkle at the state Bancroft act which regulates assessments against property for city improvements.

Attorney General George Neuner has ruled for corvallis that the 10-day restriction during which property may be bonded is directive rather than mandatory. City Manager J. O. Conville says. Cities will probably have the power to set their own time limits during which applications for bonding will be accepted, he said.

Because of the 10-day limit formerly believed in force, many cities were unable to contact some property owners in time and thought they had to either collect in full or foreclose.

Conville said the interpretation of the law had not been received here yet officially, but was understood to be on the way.

Tokyo Rose Trial Recessed
SAN FRANCISCO — (AP) — The Tokyo Rose treason trial is recessed until the defendant, Mrs. Iva Torguri D'Aquino, recovers from an attack of intestinal influenza.

Defense Counsel Wayne Collins told the court that his Los Angeles-born client was confined to her bed in the county jail, too sick to appear in court. His statement was confirmed by a matron.

Federal Judge Michael J. Roche declared the trial under indefinite suspension after conferring with Collins and Chief Prosecutor Tom de Wolfe.

Collins said his 33-year-old client had been troubled by a dysentery condition for a long time and that it had apparently become chronic.

Testimony in the trial disclosed she was subject to the illness while employed by Radio Tokyo as a propaganda broadcaster and had been away from work for as long as three weeks.

Authorities said Mrs. D'Aquino was being treated by her physician, Dr. Adolphus A. Berger.

New Faucet Controls Volume, Temperature
A new faucet with two handles, one for temperature and the other for flow, represents a radical departure in design, says the Plumbing and Heating Industries Bureau.

One handle controls the temperature of the water. It can be left at any desired setting and will regulate and maintain the temperature within 2 degrees. It eliminates the inconvenience of adjusting two handles to obtain the temperature wanted.

The other handle controls the volume or flow of water. Because only the amount of water is used which is actually needed, and since the temperature is closely controlled, savings are said to result in both water and in fuel to heat water.
