After 10 years as GMC Truck dealer in Eugene, Dora Peckham and her son, John Scarlett, bring to the truck owners of Eugene and Lane County this new spacious building with the latest in truck equipment and facilities. Radiant heating has been used throughout the building, which has a ground floor area of 11,940 sq. ft. An additional area of 2,700 sq. ft. of covered display space has been incorporated in front of the regular display and parking lot. The architect and contractors combined to create a building that is outstanding. A. B. Scarlett as a firm wants to thank them for their accomplishment.
