**I SAW** a well-taken care of campground at Blue Pool near McCredie Springs. While sitting there enjoying the still and quiet of nature, I saw a woman and little girl walking down the road past our camp. She hesitated; suddenly walked to the camp next to ours, tore the top grill off of the camp stove and disappeared with it. You guessed it—a California license on her car—L. L. Westfir.

**NON-FIRER FIRED**

When every brand claims it is the best, how's a woman to tell which is right?

**Only S&W dares do this!**

While other brands claim better quality, your grocer will tell you only S&W dares to prove it.

We invite a grocer to select other brands—any brands—from his shelves. Then together we open each can and compare its quality with S&W, product for product, by actual taste test.

For more than 50 years, grocers who have made this actual store test have judged S&W best, every time.

**PROVE IT YOURSELF**

Try any S&W Fine Food—fruits, vegetables, juices, oven-baked beans and brown bread, or famous S&W mellow'd coffee. We are confident you will agree that S&W is in a class by itself.
