CORDAY

A REVOLUTIONARY CARPET

CREATED BY BIGELOW

See it at Rubenstein's tomorrow!

A carpet that is as interesting in texture, as "new" in look, a fabric as versatile in application and as remarkably priced as Corday, merits a deep bow from the decorator's corner as well as from the homemaker.

Corday is versatile, decoratively speaking, because it is so smartly right for the many styles of home furnishing. Corday's versatility is further explained in its complete "at-homeness" all through the house.

Corday's colors are varied enough for comprehensive use: Doeskin Beige, Dover Gray, Yellow Green, Powder Green and Woodland Rose.

This is not just a new carpet design, but an entirely different weave created by Bigelow Craftsmen only after long experiment. A texture and quality unique in all the long history of loom making and weaving.
