Dr. Chang Club Speaker In October

Dr. H. H. Chang, Chinese diplomat and author, will be the guest speaker at the next meeting of the Eugene Knife and Fork Club, which will be held at Osborn Hotel on the evening of the second Wednesday in October.

Dr. Chang, who speaks perfect English and has a fiery, dynamic platform personality, was given the degree of Doctor of Philosophy at Harvard University at the age of twenty-three, and he has been making a name for himself ever since. He was appointed as perhaps the youngest Minister Plenipotentiary to Europe where he successfully served in the capitals of Portugal, Czechoslovakia and Poland.

In order to keep in closer touch with his beleaguered people, Dr. Chang goes back to his native land from time to time. He returned to the United States in the autumn of 1948 and has first-hand and the latest information about the most war-torn country of the Orient.

Dr. Chang comes to Eugene Knife and Fork as the result of the club's affiliation with the Associated Clubs, the national organization which makes it possible for its affiliate members to receive leading American platform personalities.

The diplomatist has definite opinions concerning the future of China and who will be the friends of China in the years to come. He is a brilliant and forceful speaker and will develop his theme in excellent fashion and will leave no doubt in the minds of his listeners as to just where he stands.

As an author, Dr. Chang has written "Chiang Kai-shek: China's Man of Destiny," "Letters from a Chinese Diplomat" and has contributed articles to the Atlantic Monthly and North American Review.
