Three Rivers Garden Club Has Party and Annual Flower Show

Pictures in color showing the beauty of flowers and scenery in the Hawaiian Islands were shown at a meeting of Three Rivers Garden Club Friday evening, by J. D. Kern of Camp Creek, Mr. and Mrs. Ben Pruitt of Thursday were present and displayed a dry arrangement, and a collection of seedling gladiolus, grown and patented by themselves.

Cedar boughs and marigolds were used to decorate the windows and doors. Long tables were placed along the sides of the hall to hold over two hundred exhibits of flowers and vegetables. Mrs. R. L. Cooper, Mrs. A. J. Bier and Mrs. Joe Svatos of Springfield acted as judges to award prizes for best exhibits.

Paul Myers, owner of "Begonia Gardens" on Camp Creek Road, showed a large display of begonia blossoms, and of fuschias, grown at his place.

A guessing contest was held in which the number of beans in a jar was most nearly computed by Mrs. A. W. Knox, and a pair of pillow slips made by Mrs. George Fisher was awarded as a prize. The Misses Roberta and Barbara Fisher were in charge.

Mrs. Fisher was given a ribbon for the largest number of exhibits, and a special award went to Mr. Myers for his begonias. A satisfactory sun was realized from a plant exchange held in connection with the annual flower show. Refreshments were served at the close to a crowd of seventy-five people.

Quota Hears Of Changes Far Ahead

Possibility that civilization on this hemisphere will vanish in the face of extreme temperature changes in a few hundred years was discussed for Eugene Quota Club at its dinner meeting, Monday evening at the Osburn Hotel.

Dr. Erle L. Klein, physician from Ohio who is doing graduate work at the University of Oregon while recuperating from surgery caused by war injuries, was the speaker. He based his talk on articles by Leonard Reed, scientist, setting forth theories evolved by Hugh Auchincloss Brown, a graduate of Columbia University and expert in engineering and marine surveying. These men say that about every 8000 years, arctic ice becomes so heavy that the earth wobbles on its axis, doing a "partial flip-flop" as the speaker phrased it. He said it has happened before, and cited facts which bear out the theory that formerly the equator ran almost at right angles to its present location, telling of tropical remains which have been found in Siberia, to bear out the statement.

Dr. Klein said that Chinese tradition, which goes back more than 8000 years, as contrasted to our calendar of 7500 years, tells of a remote time when "the peoples all had to flee to the far north," because of the extreme cold which came upon them.

The change should not occur before 200 to 800 years, the speaker predicted.

Music on the program was given by the For-Tune Four, Barber Shop quartet, comprised of Arthur Campbell, Darold Parks, Marvin Knutson and William Hunter. Their songs were "Honey Gal," "Coney Island Baby" and "Sunny Dixie Land."

Dates of the district conference at Tacoma, Wash., to which Eugene Quota Club will send delegates, were announced as October 21, 22 and 23. Miss Thelma Schaefer and Mrs. Leon Yearwood, president, will be the delegates, and there will be several alternates. Mrs. Earl Byrom, district governor, also will attend. Mrs. Ralph Laird is chairman of nominations for the district, and Miss Alpha Johnson, co-chairman. Miss Nina Kitts, vice president, presided at the dinner.
