DANES TELL OF SHIPBUILDING — Workmen finish a model of the Kronprins Olav, latest Danish-built Diesel-powered passenger liner, named for Denmark's Crown Prince, on display in a Copenhagen exhibition of Danish shipbuilding from the Vikings to the present.

Railmen Check Train Deaths

NEWTON, N. C. — (AP) — Southern Railway investigators are seeking the cause of a passenger train derailment that killed two trainmen early Monday and injured about 50 passengers. Thirty-nine persons still were in a hospital here. The fireman and two railroad employees were reported in critical condition. The diesel engine and six following cars tumbled into a ditch as the train, running about 20 minutes late in a morning fog, came into a U-turn near the Newton station.

Paper Price To Stay Same

VANCOUVER, B. C. — (U.P.) Devaluation of the Canadian dollar will have no effect on American publishers on the price of Canadian newspaper, a spokesman for the industry said here. William Barkley, a vice-president of the Powell River Co., Ltd., said the basic price of \$100 per ton in United States dollars will remain the same. Canadian newspaper firms selling to American publishers receive American dollars and sell them to the Foreign Exchange Control Board for Canadian dollars. In the future Barkley said, firms will get \$110 Canadian dollars back from the board on each ton of newspaper sold in the United States. "But we won't be picking up a \$10 profit on that because on all our equipment and materials imported from United States, we will have to pay 10 per cent more."

Cripps Is Eating His Own Words

LONDON — (AP) — New devaluation story going the rounds about Sir Stafford Cripps, who devalued the pound after denying nine times that he would: The vegetarian chancellor of the exchequer has added a new dish to his sparse diet: He's eating his own words.
