

Yugoslavia After UN Position; Soviet Defeat Red Candidate

Yugoslavia is fighting behind the scenes to obtain a seat on the powerful security council, high authorities said.

The Yugoslav delegation has approached the Latin American bloc for support when three new members of the council are elected during this session of the general assembly.

At the council, the UN's permanent members are apportioned to the five big powers. Argentina and India to the Latin American bloc, the Soviet Union to the Eastern bloc, and the United States to the Western bloc.

For the first time on the UN assembly, the Soviet bloc must have five votes in most instances of its customary

all of Foreign Ministers. The Soviet bloc was feeling anxiety in general, and was from increasing indications would welcome a meeting of the big four.

debate: Brazil's Cyro Valle opens the general assembly Wednesday and will be followed by the Chinese delegation.

Roof Fire Damages Portland Building

PORTLAND —(AP)—A stubborn roof fire at a block-long automotive supply building resulted in extensive smoke and water damage Tuesday night. One fireman was hurt.

George Rotegard, president of the Tracy and Company Auto Electric Service, did not estimate the damage. He said the building held about \$400,000 in stock and \$100,000 in equipment.

Firmen said the fire started between the roof and a ceiling partition. The building had recently been remodeled. Fireman J. H. Karle had a foot injury from stepping on a nail.
