Alice Marie Home Board Has Session

Three new members met with the board of the Alice Marie Children's Home at its quarterly meeting Thursday at the home. The three are Mrs. E. A. Denton, Mrs. George Horn and Lester Beals. Nine of the fourteen members of the board were present. Two new children have joined the group at the home since last year, making nine children now living there. Although the state allows children from the ages of three to fourteen, the nine are all of school age, which eliminates considerable extra work. Miss Myrtle Borbe carries on the work at the home almost single-handed.

The board plans to put out a quarterly bulletin to acquaint more people and organizations with the splendid work being done to give these children a proper home and environment. First issue will appear before Thanksgiving.

Since services of the solicitor formerly maintained by the home has been discontinued the bulletin will be a means of inducing further interest in the home and the children.

It is hoped that the much-needed and oft-spoken-of garage soon will be a reality. An enthusiastic committee is looking for donations of materials for constructing a garage. Anyone interested in making a contribution of materials or funds to purchase materials may contact N. F. Mesman at 5-5637.
