1. Pledging Eastern Germany's "foreign policy" to that adopted by the Soviet satellite foreign ministers at the Warsaw conference in 1948.
2. Accepting the Oder-Neisse frontier, which ceded former German territory to Poland and Russia, as a final "peace border."
3. Developing trade with the "youngest people's republic" — Communist China.
4. A new economic plan even more intensive than the current two-year plan, to get underway in 1950.
5. Abolition of food rationing, except for meat and sugar, next year.
6. Equal rights for former Nazis who were not convicted of direct crimes, and a "fight with the sharpest forces of law against any revival of Nazism, militarism or Fascism."

Strong British Note Scores Red Poke at West Germany

LONDON—(AP)—A British note to Moscow made public late this week tartly rejected a Russian protest against the formation of a German government in the American, British and French occupation zones.
 The Western allies had to form the government, the note said, because Russia persistently block attempts at unity in the hope that it might insure Communist domination of an all-German government.
 The British note was dispatched to Moscow Monday in answer to a Russian protest of Oct. 1. Russia's note was addressed to the United States and France also and those governments are expected to announce replies soon.

Thomas Tells Of Anti-Red Tibet Nation

CALCUTTA, India — (AP) — Radio Commentator Lowell Thomas came out of Tibet on a litter Tuesday and said the Dalai Lama wants Western aid to keep his "Shangri-La" from being devoured by the Communists.
 Thomas, who suffered a hip injury when he was thrown by a horse, was carried out of the forbidden land through some of the world's most rugged mountains. He was brought here by plane for treatment.
 The globe-trotting Columbia Broadcasting System broadcaster said the Dalai Lama is anxiously awaiting word from the Western world on aid against the Communists, who are overrunning the neighboring China.
 He described Tibet as "one of the most anti-Communist countries I have ever seen" and said there was no chance of its turning Communist.

Interior Department Receives Funds

WASHINGTON — (AP) — The Interior Department Wednesday received the most money—\$584,098,797—ever given to it for a single year's operation.
 President Truman signed a bill appropriating funds to the department for the fiscal year which began last July 1.
 For the past three months, the department has been operating with allowances provided under special congressional resolutions.

TRAFFIC FINE GROWS
 TACOMA, Wash. — (AP) — Ralph B. Hall, 33, got into all sorts of trouble with police over a traffic ticket. He failed to show up in time to pay his \$5 fine. A warrant was issued and an additional \$2.50 tacked on. He paid by check. The check bounced. Hall was picked up again. This time \$50 was added to the fine.

PANTS WERE TABOO
 NORTHAMPTON, Mass. — (AP) — Student actresses assigned male roles in early Smith College theatrical productions had to stand behind hedges, couches or low screens when they appeared on stage. The reason: they were not allowed to wear pants, and skirts spoiled the illusion created by false handle-bar moustaches.

Absent-minded Prof Scars Driver Pink
 ANN ARBOR, Mich. — (AP) — An absent-minded professor gave used-car buyer David Young, 19, the scare of his life.
 The human hand and foot Young found in the trunk of his newly-acquired auto were parts of a cadaver which the former owner, a physician and medical instructor, intended to use in anatomy classes and "just forgot."
