

# U.S. Book Raps Red Aggression

WASHINGTON — (AP) — The United States has accused Russia of carrying aggression "to the threshold of World War III" through "one of the most blatantly aggressive policies in modern history."

The State Department, in a sharply worded 37-page booklet entitled "The Kremlin Speaks," accused the Soviets of using their United Nations membership to "obstruct and subvert the purposes" of the world organization.

# Riches Sought In Lost Vein

BELLEVUE, Ida. (UP) — The rich buried treasure of the fabulous Minnie Moore Mine, which suddenly disappeared more than 40 years ago when miners working the silver-lead vein came to a clean cut shift in the earth's strata, Saturday still defied efforts to relocate it.

But the mine's present operators, buttressed by a \$133,000 Defense Minerals Administration loan and the advice of top geologists felt confident they'd tap the wealth-packed vein again.

The Minnie Moore, which is located just west of this south-central Idaho community, gave forth \$10 million worth of silver when the price was a lot cheaper than now—until the vein was found to have been sheared off.

Various efforts have been made to relocate the lost vein. Latest try was being made by the Silver Star Queens Mines, Inc., whose property adjoins the Minnie Moore.

**Indian Finds Plane; 2 Occupants Unharmed**

EDMONTON, Alta. — (CP) — An Indian Saturday found a small Airways plane which had been missing since Tuesday in the Northern Alberta wilds with the pilot and one passenger. The occupants, Pilot W. J. L. Van Allen and passenger Dave Evans, were unharmed.

RCAF planes from Edmonton dropped supplies by parachute to the stranded fliers.

**ACCUSED KIDNAPER TAKEN**

BOZEMAN, Mont. — (AP) — The FBI Saturday announced the arrest in Fallon, Nev., of James Clinton Anderson, wanted on a kidnap charge here.

# B-47 Stratojets To Undergo Modifications

TUCSON, Ariz. — (AP) — Mass production models of the Boeing B-47 Stratojet, America's fastest atom bomber, will undergo improvement modifications at the Grand Central Aircraft Co. branch plant here, the company announced Saturday.

The big six-jet sweptwing ships will be brought here for modifications from the three widely separated plants where they are built. The company will triple its staff of 2500 workers to handle the job.

C. C. Moseley, Grand Central board chairman, said the company will install features and equipment developed after the bombers have left the production line and also recondition the Stratojets after they have been in service for specified periods.

He said the Air Force contract carries a provision whereby the company will convert the bombers to cargo or troop transports if the government wishes.

The department cited Lenin's 1919 statement that "a series of frightful collisions between the Soviet Republic and the bourgeois states will be inevitable." In 1949, the department recalled, Stalin underwrote Lenin's views that "war with capitalist countries... is inevitable" although it should be delayed.

The booklet also cited a statement by Stalin printed in the April 6, 1951, issue of the USSR Information Bulletin that the Soviet Union "will continue unswervingly to pursue its policy of preventing war and preserving peace."

# Court Releases Married Man

SAN DIEGO, Calif. — (AP) — The Marine Corps prepared Saturday to release a drafted married man in compliance with a court order which may affect all married men inducted into the armed forces during the past three years.

Federal Judge Jacob Weinberger ruled here that Antonio Jose Barrial, 25, Culver City, Calif., must be released from the Marines because he was drafted after his marriage in 1950.

The judge's ruling was on a habeas corpus petition filed last Sept. 26, to test the right of the government to hold Barrial in service in view of selective service regulations issued by President Truman.

**Paralegic Veteran Schedules Marriage**

PORTLAND — (AP) — A paralegic veteran—paralyzed from the waist down and with both legs amputated—was to marry a 16-year-old girl in a Catholic ceremony at the Veterans Hospital here Saturday.

The bride is Jeanette Churchill and the bridegroom is Leo Fanning, 32. They met two years ago when Jeanette came to the hospital to entertain.

Fanning was wounded in Italy in 1943.

**Probe of Stork Club Asked by NAACP**

NEW YORK — (AP) — A top official of the National Association for the Advancement of Colored People has asked that the swank Stork Club be investigated by police and liquor authorities.

The action followed Negro singer Josephine Baker's complaint that she and her party were ignored by waiters at the fashionable cafe last week.

**Committee Shelves Negro's Nomination**

WASHINGTON — (AP) — President Truman's nomination of a Kansas City Negro to be recorder of deeds for the District of Columbia was shelved for this session of Congress Saturday.

The Senate District of Columbia Committee which has the nomination of Earl Wayne Beck, decided to make a further investigation of his record between now and Jan. 3 when a new Congressional session will begin.

**STEPHEN FOSTER DAY**

WASHINGTON — (AP) — The Senate Friday approved a resolution authorizing proclamation of Jan. 13 as Stephen Foster Memorial Day in honor of the composer of folk songs.

# British Labor Party Stresses War Issue

LONDON — (AP) — The reigning British Labor party, making a grim bid to win its third straight general election, is trying to convince Britons that a vote for the Conservatives is a vote for war.

Domestic issues—especially the rising cost of living—figure high in campaign issues for next Thursday's voting. But the Laborites pin high hopes on foreign policy arguments to reverse a small but

significant rightward drift of public opinion which is threatening to throw them out of office.

**'19th Century Minds'**

The Labor party's argument is that the Conservatives have "19th century minds" and are unfit to deal with explosive upsurges of Asian and African nationalism. They argue the Conservatives might plunge Britain into war in combatting these movements.

The Conservatives assert the Labor government's policy has been feeble and say that's partly the reason Britain's foreign relations are now so troubled.

The Conservatives also contend the Labor argument is an unjustified attempt to cash in on the voters' desire for peace.

Among the latest moves in the "war scare" campaign was a leaflet distributed by Michael Stewart, Undersecretary of War, who is seeking re-election in a close-fought London middle class constituency.

The leaflet praised Prime Minister Attlee's "restrained" influence on foreign affairs and was illustrated with a picture of Attlee and President Truman shaking hands. Many Laborites argue that when Attlee visited Mr. Truman in Washington last December, he helped persuade the President not to get too tough with Communist China—and thus, they say, he helped to save world peace.

In one strongly pro-Labor constituency in industrial East London, the Labor candidate, Dr. Somerville Hastings, adopted the slogan "Vote Tory and reach for a rifle—vote Labor and reach old age."

# Texas Romeo On Way Home

CAIRO, Egypt — (AP) — Sheppard King, the red-headed Texas Moslem who is aiming to wed Egyptian dancer Samia Gamal, kissed her goodbye at the airport Saturday and winged for his old home on the range.

Samia cried a little and her eyes were wet. But King promised "I'll rush back to Egypt as soon as I get my divorce."

He's headed for Texas to re-divorce his first wife, Gloria. They were divorced once but patched things up temporarily and secretly remarried in Dallas last June.

King, who adopted the name "Abdullah" when he took Moslem religion last week, said he was also going to try to "make up" with his mother.

# Bright Colored Balloons To Guard Talks Site

TOKYO — (AP) — The first of 12 huge, brilliantly-colored balloons which will fly over the cease-fire talks at Panmunjom will be flown to Korea Sunday.

The balloons, designed to warn pilots away from the conference site, are 16 feet in diameter and made of rubberized silk.

Far East Air Material Command said the first one to go will be bright yellow. Others will be orange and cerise (a cherry-like color).

They will be floated at 1000 feet by steel cables attached to winches on military trucks.

# Court Releases Married Man

SAN DIEGO, Calif. — (AP) — The Marine Corps prepared Saturday to release a drafted married man in compliance with a court order which may affect all married men inducted into the armed forces during the past three years.

Federal Judge Jacob Weinberger ruled here that Antonio Jose Barrial, 25, Culver City, Calif., must be released from the Marines because he was drafted after his marriage in 1950.

# Stalin Cheers North Koreans

MOSCOW — (AP) — Soviet Premier Stalin renewed Saturday his moral support of the Korean Communist regime "in its heroic struggle for the freedom and independence of its homeland."

He sent a brief telegram to the Korean Communist Premier, Kim Il Sung, in answer to Kim's greetings on the third anniversary of formal diplomatic relations between Russia and North Korea.

Kim said "the help and support given us by the Soviet Union are a firm guarantee of victory in a just war for the freedom and independence of our homeland against American interventionists."

The telegrams were published prominently in all Moscow morning papers.

# Oldest Woman Passes in East

SCHICKSHINNY, Pa. — (AP) — Pennsylvania's oldest resident, Mrs. Mary O'Neill, the cheerful "little old lady of Stonecrusher Hill," is dead at 113.

The English-born woman came to America after the death of her husband some 70 years ago and settled in the heart of the state's anthracite region.

The frail little woman attributed her longevity to the "will of God" and what she termed common sense rules—hard work, moderate eating habits and plenty of sleep. Until her final illness she had never been in poor health.
