**'Costliest' Week For U.S. Airforce**  
SEOUL, Korea — (AP) — The Reds knocked down three Sabres jets in air combat and blasted 13 other United Nations planes out of the North Korean skies with ground fire in the week ended Friday. It was the costliest seven-day period for U.N. Air Forces since the war began.  
The U.S. Fifth Air Force said U.N. jets shot down 12 Russian-made MIG-15s and damaged 14 Red planes in the same period. Red planes have not yet ventured within range of U.N. ground fire.  
A U.S. Eighth Army communiqué said U.N. ground forces raided Communist positions along the Western and Central Fronts Saturday. Light to moderate engagements resulted, the communiqué said.  
The 16-plane loss was far above the "recent weekly average of about 10 planes lost to Red planes and ground fire. The weekly average since last spring has been about seven planes lost, an Air Force spokesman said.  
MIGs and Sabres tangled briefly several times Saturday morning. Fifth Air Force said Red planes were damaged. There was no announcement of United Nations losses, if any, in the short sharp fights that lasted up to 10 minutes.

**Damaged Ship Reaches Port**  
PORTLAND — (AP) — The oil tanker Catawba Ford reached Portland Friday for repairs after suffering a broken hull plate below the water line in heavy seas south of the Columbia River.  
Some fuel oil was lost in transfer from the damaged tank to a reserve tank at sea, and fuel also escaped when the vessel discharged at the Shell Oil Co. dock here.  
The Catawba Ford lost stove oil in the Columbia River a year ago. A 70-foot-long hole above the water line was torn in the vessel's hull in a collision with a barge near St. Helens three years ago.
