Idaho Okays Trucking Bill

BOISE—(U.P.)—Gov. Len Jordan Thursday held broad powers to negotiate truck reciprocity agreements with other states. A bill giving the governor the powers he had asked for was rammed through the House and Senate Monday under a suspension of rules and with virtually no debate. The vote in favor of the bill was 57 to 2 in the House and 40 to 2 in the Senate. Legislative leaders moved to adjourn the two-day special session immediately after the vote was taken.

Pay Phones Go to Dime

The charge for local calls on all Pacific Company public and semi-public coin box telephones in Oregon will go from five cents to ten cents Monday, Jan. 21, according to L. S. Eade, manager here.

The increase is the first in the history of pay telephone service in Oregon.

The new rate was requested by the Company last year and was authorized January 11 by Charles H. Heltzel, Oregon Public Utilities Commissioner. The 10c pay

telephone charge has been authorized in Washington, California and many other cities and states. Details of monthly telephone rates for other authorized increases totaling some \$500,000 annually and to be effective March 1 still are being worked out Eade said.
