A comprehensive program survey of the activities of Girl Scout troops in this Council is going into high gear this week under the leadership of Mrs. Dodge, program committee chairman.

Between now and Feb. 15, 53 troops in Lane County will be visited and their doings analyzed in an effort to determine "just what kind of Girl Scouting we are actually doing in this Council."

A compilation committee will take the visitors' reports and summarize their findings in a report to the annual meeting late in March. At the onset of the campaign season "visitors" will also attend day camp, troop camp and established camp at Clewax and examine them in the same critical way.

Through this unique and full-scale survey the program committee hopes to learn degree of utilization in activity areas so that a wider range of interests for each troop can be worked out.
