

Teach Children Vet Project March, April

American Legion Will
Sponsor Big Campaign

The American Legion in Oregon has designated March and April as "Teach Children" months and is sponsoring a program in each post.

A. Roe, commander of Eugene Post No. 3, Saturday announced this unusual program, emphasizing that "it is a program without any partisan or political connections, and is supported with equal enthusiasm by Protestants, Catholics and Jews."

The program is a 14 x 22 inch multi-colored card, which Legionnaires place on prominent display throughout Oregon in places of business, homes, schools, churches and places of worship.

Department Chaplain P. M. Hanson described the purpose of the program as being to awaken in children the need for peace and spiritual consciousness as part of their education. The American Legion is dedicated to the cause of peace and to the influence of religious teaching, but we do beg that all good citizens aid in teaching all children the value of religion.

The teachings should be in accordance with the belief of the religious persons. The Legion is interested in seeing a child benefit from the teaching of their own respective faith. The state and the nation benefit from all such teaching.

Commander Roe emphasized that although the Legion has sponsored this program, all individual citizens and organizations are invited to participate. This will be the third year this program has been sponsored on a statewide basis by the Department of Oregon.

Posters can be obtained, by Adjutant Gene Thaxton, by using the Veterans Memorial Hospital, 5-3261, with a request, by putting the poster on display when it is received. He said that the posters, though expensive, are distributed free by post.
