FORD 1949 FORD TRACTOR with lights. This tractor has been used very little, has actually been in storage most of its life. The former owner plowed and prepared for planting thirty acres and cleared this is all it has ever done. Now today, Saturday, April 12th, this tractor, with a FORD DISC PLOW, was traded in on a NEW FERGUSON "30". A NEW FERGUSON 3-BOTTOM DISC PLOW, A FERGUSON SUBSOILER and a NEW DEMPSTER GRAIN DRILL. Now, if you want to buy a FORD you can't AFFORD to pass this FORD up. The owner is prepared to sign an affidavit that all he has done is plowed and prepared thirty acres for hay. Then he bought a big ranch, so he decided to trade for a LITTLE GRAY BUNDLE OF DYNAMITE.

Remember, when you buy at GRANT EQUIPMENT COMPANY, it's one-third down and long, low bank terms on the balance.
