Newbry Tells Hospital Need

SALEM — (P) — A new mental hospital probably will be needed in Oregon in the next 10 years, Secretary of State Earl T. Newbry said Tuesday at the Board of Control meeting.

Newbry, one of the members of the three-man board which runs the state institutions, said the proposed hospital should be in Portland.

He said the present hospitals at Salem and Pendleton have as many patients as they can care for.

Newbry suggested a new mental hospital be built in Portland, rather than the proposed institution for aged mental patients in Portland.

The people will vote in November on whether to permit the legislature to build a \$2,500,000 hospital for aged patients in Portland.

Flood Control Bill Pushed

WASHINGTON — (AP) — Sen. John L. McClellan (D-Ark) said Wednesday he expects the Senate Appropriations Committee to give "immediate attention" to a \$55,000,000 flood control bill.

The bill, passed by the House Tuesday, provides emergency funds to repair dams, levees and other flood control works damaged in the recent Missouri and Mississippi River floods.

The money is in addition to the \$25,000,000 approved last month for flood relief and rehabilitation in the stricken area.

While the House rushed through appropriation to repair past flood damage, delegations from four Missouri Valley states asked Congress to grant funds to prevent future floods on the river.

They appeared before a Senate appropriations subcommittee to urge restoration of House cuts in funds asked by the administration for flood control projects for the next fiscal year.

Nebraska Gov. Val Peterson said after the closed-door session that he was "very much encouraged" at the prospects for more funds.
