Sutherlin's Paving Schedule Is Busy Program for This Summer

SUTHERLIN—At the meeting Monday, June 16, Sutherlin city council members heard a proposed paving program that would improve sections of eight Sutherlin streets during the summer of 1952. The program as outlined by the city superintendent, Wm. Bollman, would include a two-shot oiling and rolling job. Most streets in question would have to be worked down to a uniform grade before the paving could be done.

The streets mentioned in the proposal were: Umpqua from Central to Fifth; Willamette from Central to Fifth; Umatilla from Third to Fifth; Central from Umpqua to east city limits; Pine from Central to Sixth; State from Everett to Valentine; Third from Willamette to Umpqua; Fourth Willamette to Umpqua.

Cold water was poured on the city's hopes of having the State Highway Commission improve Central Avenue, West, in the form of a letter from assistant highway engineer. The letter explained that there is already a big demand for projects to be handled through Federal Aid Secondary Road Funds. Sutherlin's project will be referred to the commission, but the letter gave little hope that it will be considered in the near future.

Approval was given for transfer of The Jug's club liquor license to Mr. and Mrs. Warren B. Wilson.

Bollman was instructed to seek proposals for the annual auditing of the city books, to be undertaken in the near future.

A committee composed of Clay Hensley, Marvin Parks and Lloyd Wood was appointed by the mayor to check deeper into bids received by the city Monday, regarding the purchase of a new fire truck for the city. Three bids were submitted by equipment firms.

A proposal to execute work for preparing a structure for the installation of new city water pumps from the United Builders was postponed until a meeting of the council Monday, June 23, at which time it is expected that an agreement will be entered into by the city and the building firm for work required at the water department headworks.

An inquiry into the possibility of placing city employes under social security was ordered sent by the city council, after hearing a report by the city superintendent, that city employees had voted 100 per cent to be covered.
