

3 U. S. Soldiers Arrested by Reds For 'Espionage'

Trio Detained While
On Aug. 15 Tour

BERLIN (AP)—U.S. authorities announced Saturday night that the Russians had arrested two American army officers and their driver in the Soviet zone on trumped up espionage charges.

A U.S. spokesman said the Americans were picked up Aug. 15 while driving on a public road in East Germany. They were released after 36 hours of detention in a Soviet officers' club.

ATTACHED TO MISSION

They were Lt. Col. Hermann Dulin, Capt. W. R. Croucher of Baltimore, and a private named Swenson.

The American officers were attached to the U.S. military mission to Russian headquarters at nearby Potsdam.

Gen. Vassily Chulikov, Soviet commander in Germany, charged that they, "with espionage intentions, invaded a Soviet military installation." In a protest note to the U.S. Army he demanded their summary recall.

The American spokesman said the Soviets already had barred the Americans from Potsdam by taking away their passes to enter the Soviet zone.

The Russian protest was sent Aug. 21 and made public Saturday by the East German news service ADN. The Americans kept the whole thing quiet until the agency reported it.

TIGHTENED GRIP

The Russians began to tighten their grip on the military mission last month.

At the time of their arrest, the spokesman said, the Russians indicated the Americans were seized in reprisal for the arrest in West Germany by U.S. military police of a Soviet lieutenant colonel on charges of speeding.

42 Egyptian Reds Arrested

CAIRO, Egypt (AP)—Forty-two persons are being held on charges of spreading Communist propaganda in Egypt, a police official said Saturday.

Sixteen were arrested this week and their cases are being investigated by a new "office of general investigations" set up earlier this month by Premier Aly Maher's reform government, to determine whether they should be brought to trial.

Officials declined to comment on the extent of Communist activity in the Nile kingdom in recent months, but one source said there had been no increase such as he said had been noted in other countries.

This source said the Red activity here has been generally limited to the distribution of Communist pamphlets in which the word "Democracy" is stressed, distribution of foreign Communist newspapers and magazines, and translation of Communist literature.

Maj. Gen. Mohammed Naguib, the strong man whose coup a month ago dethroned King Farouk I, has stressed that Egypt's army is free of Communism.

ALY-RITA AT LUNCH—Prince Aly Khan took his working wife, actress Rita Hayworth, out to lunch at a restaurant near her studio in Hollywood before leaving for the airport where he flew to Chicago. The couple appeared happy and Aly told newsmen that he hoped to return to Southern California soon.

Stalin Reported in Good Humor At Parley With French Envoy

MOSCOW (AP)—Soviet Premier Joseph Stalin was "in good humor and appeared in fine health" Friday night when he received new French Ambassador Louis Joxe in a 20-minute meeting, the envoy said Saturday.

Joxe said the meeting was a courtesy visit but it caused considerable comment in the diplomatic corps which felt there was some compelling reason for Stalin's reception of the ambassador. It was recalled that the last British, French and American ambassadors to serve in Moscow all left without seeing Stalin.

The common guess among Western

Uncle of Slain Girl Questioned

SAN FRANCISCO (AP)—John Chauncey Lawrence, ex-convict uncle of a teen-aged Redlands, Calif., girl found murdered on the southern California desert, surrendered to police voluntarily Saturday denying he had anything to do with the sex slaying.

Lawrence, 37, was driving the battered old sedan which fit the description of an auto seen in the vicinity where the nude and bloody body of Kathryn Knodel, 16, was found last Wednesday near Palm Springs.

The rear seat cushion of the car was missing and local investigation officers found stains about the vehicle which they said could be either paint or blood. When stripped at the city prison, police found on Lawrence's body, legs, and left arm several "superficial wounds" they said were scratches which appeared to be "three to six days old."

\$400 Million Smelter Planned for Alaska

MT. MCKINLEY NATIONAL PARK, Alaska (AP)—The Aluminum Company of America said Saturday it will build a 400-million dollar aluminum smelting plant in Alaska.

The company said the project hinges on the purchase of land and government approval.

Leon E. Hickman, vice president and general counsel for Alcoa, said the plant initially will be capable of producing 200,000 tons of aluminum annually.

Hickman said the plant will be built in the Taiya Valley district, near Skagway. It will be financed entirely with private capital.

He estimated the Taiya development will require about four years to complete and will eventually offer employment for approximately 4,000 workers.

Said Hickman: "This complete project, consisting of power facilities, aluminum smelting plant, transportation facilities, and a new and modern community of 20,000 people serving the operations, will constitute a great national asset."

Hickman pointed out that Alcoa will need to acquire approximately 20,000 acres of land in the Taiya district to accommodate the proposed works and facilities, including a town site.

He said that there is no way for the company to acquire this amount of land under present laws affecting Alaska.

He said it probably will be necessary for Congress to enact a law

Portland TV Applicants Called to FCC Meeting

WASHINGTON (AP)—Applicants for permits to construct television stations in Portland have been advised the Federal Communications Commission will hold a joint pre-hearing conference here Tuesday on matters pertaining to forthcoming hearings.

The FCC listed nine applicants for the Portland channels and said all other qualified applicants also could participate in the conference, which is designed to smooth the way for hearings starting in October.

permitting the company to purchase the necessary land and ask the support of all Alaskans in efforts to obtain the needed legislation.

Hickman said Alcoa is willing to undertake the construction of the Taiya project on private financing, without governmental guarantees of markets and with a minimum of governmental contractual assistance.

Aly, Rita Plan Europe Visit

COLUMBUS, Ohio (AP)—Prince Aly Khan said Saturday he hoped to see his wife, Rita Hayworth, when she comes to Europe on a vacation soon, but refused to discuss possibilities of a reconciliation.

"I understand Rita is coming to Europe for a vacation soon and of course I hope to see her," the millionaire husband of the Hollywood actress said.

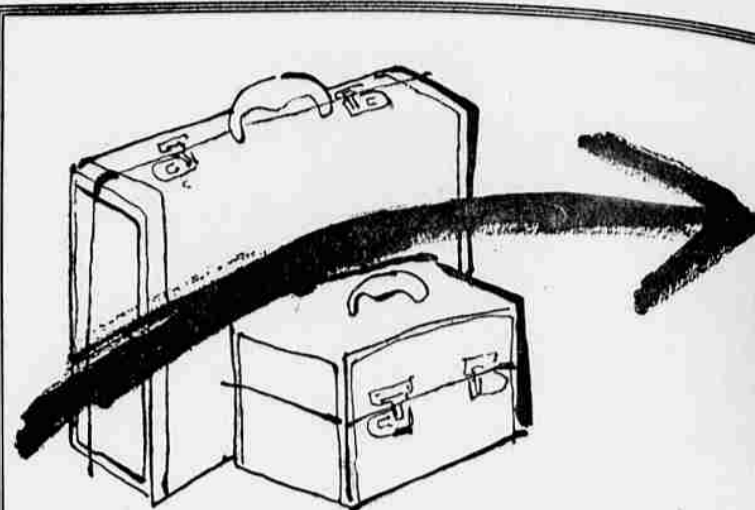

Aly spent the morning viewing a string of yearling horses owned by John Galbreath, wealthy real estate man and owner of the Pittsburgh Pirates.

Aly spent the night at the Galbreath estate here. He arrived Friday night from Lexington, Ky., where he attended the Keeneland horse sales.

After viewing the yearlings, Aly and Galbreath flew to New York. The youthful-looking Prince said he will fly from New York Monday or Tuesday for Paris.

Well Qualified, Responsible Business Man

Presently employed O.S.C. graduate available in September. Substantial background of business experience with Lane County agricultural and lumber industries. 3 1/2 years successful selling of intangibles. Some business experience. Well acquainted in the community. Can supply top character and business references. Married, 2 children, age 36. Own home. Interested only in a lifetime opportunity with an aggressive organization. For interview, Write Box 161, Register-Guard.
