**Inmates Not Content With Prisoner Song**

SALEM, Ore. (AP)—Two Oregon State Prison inmates made such a hit with a couple of songs they wrote for a prison show last winter that now they're in business.

They've picked up some financial backing and the approval of Warden Virgil O'Malley and have turned out a half-dozen new songs.

The two men are Seth Schwartz, 33, and Bob Nealy, 46.

Schwartz, serving his third term for check forgery, has completed four years of his current 20-year term. Nealy is on his eighth term, this one for life on an assault-with-intent-to-kill conviction.

**WATER TOWER OUT**  
PORTSMOUTH, N. H. (AP)—Another facility has fallen victim to the diesel locomotive. A 35,000-gallon water tower, used for years by Boston's Maine steam locomotives, has been torn down. Diesel power has replaced the steam-driven switch engines.

**CHILDREN CARED FOR**  
GREENFIELD, Mass. (AP)—The Greenfield Tap & Die Corp. has established a \$32,000 scholarship fund for worthy children of employees. It is believed to be the first New England manufacturing firm

**BETTER THAN COCONUTS**—Zuma, left, and Bongo enjoy a tasty bottle of specially-prepared coconut milk as they are fed by Arusimo Bronzini, director of the Rome Municipal Zoo. The baby gorillas are believed to be the first shipped to a European zoo since the end of World War II. Born in the French Congo, the simian infants were purchased for \$4,800. They'll soon be too heavy to sit on Bronzini's lap.

## Economy Move Cuts Eugene's Recruiting Staff

Eugene's Army and Air Force recruiting station which a year ago was staffed by 10 service people, including a Wac and a civilian clerk, has been chopped-nearly out of existence in a service-wide economy move.

The office, which recruits from the southern half of Oregon was coupled with an induction station which only two years ago was re-processing dozens of recruits and inductees each day.

Maj. Floyd Meador, formerly in charge of recruiting and induction here, is now in charge of the Phoenix, Ariz. recruiting area.

Capt. E. W. Hatfield, second in command, is a prison officer on Koje Island, off Korea. Warrant Officer Ralph Bell is stationed at Ft. Leavenworth. M-Sgt. Harry McDaniel is at McChord Field, Wash., and T-Sgt. Leonard Whisenhunt is a recruiter in Portland. Of the others who recently staffed the local office, some have been discharged and the present location of others is not known.

In charge of the local office now is M-Sgt. Lester Lent. His complete staff is SFC Charles Wilcoxen.

## Standard Time For Monroe

MONROE—This community went generally back on Standard Time Monday of this week, Sept. 15. After Teachers' Institute Monday and Tuesday of this week, grade school will reconvene on the old time.

Lawrence Brent's car was reported stolen during the weekend, and also reported stolen was a gun from Ed Bales' garage and service station here. The gun had apparently been thrown aside and was found in front of the Harold McCallum furniture store. There was no trace of the car Monday as far as could be determined here.

Secretary-Manager Wayne R. Giesy told the South Benton County Chamber of Commerce at its monthly dinner meeting last week that it would be impossible for him to be an active member after the first of the new year because of heavy business pressure in his Feed Mill work. He said he would obtain speakers and supervise for the balance of this year. He felt that by resigning as an active member now it would give the group plenty of time to find some one to take over.

Monroe druggist Harold Wood is back after a month's vacation with his mother and other relations in Los Angeles, Calif., and has reopened his drugstore here. His store was closed while he was on vacation.

## Ooh La Lal So Petite, But Costly

DAYTON, O. (AP)—The "French war bride" explained to merchants she had been in Dayton only a few months—and she was bewildered by American currency.

Therefore, she explained, her husband had opened a checking account for her.

The merchants were entranced—so petite, so chic—and ooh la la, that accent.

Then the checks bounced. Five of them, totaling \$166.

Detective Sgt. G. A. Young began to "cherchez la femme"—one Marie Ann de Debareaux. Tuesday he found her. She was identified as Ilda Mole, 20, of nearby Fairborn.

## Baby Goes to School First Day of Life

SALEM, Ore. (AP)—The daughter of Mr. and Mrs. Arthur Bassett of Mill City, Ore., went to school the first day of her life.

In the small hours the call came to go to the hospital and Bassett began the drive with his wife from Mill City to Salem Memorial Hospital. The stork got impatient. Just in front of the school at Aumsville, several miles east of Salem, a daughter was born to them, with only the father in attendance.

**PAINTED INTO TROUBLE**  
LINCOLN, Neb. (AP)—One state employee was "painted into" a parking ticket. He parked his car in what appeared to be a legitimate parking space. A police department paint crew went by and painted the curb in front of his car red. The autoist got a ticket.

**CAME TO AMERICA**  
America beckoned, but the violin's peculiar beauty had penetrated George. Piling lumber in Wisconsin he heard its notes and when he labored in California, it was there, too. Later he took a job as a blacksmith with the railroad at Everett, Washington, and thereby began an acquaintance with the Northwest.

## Princess Finds U. S. Promised Land

BETHEL, Vt. (AP)—An Austro-Hungarian princess has taken the statement, "U.S., the Land of Opportunity," seriously.

Miss Anna Schwarzenberg, born Princess Anna von Schwarzenberg in Bohemia when it was a part of the Austro-Hungarian Empire, came to America in 1948 and began knitting sweaters.

Two years later she sold some of them in the village store in nearby Woodstock. Soon she received orders from a New York specialty shop.

The business expanded and now she has 70 women knitting at home for her, making sweaters, socks, scarves, dresses and shawls.

**OUT OF SEASON**

ST. LOUIS (AP)—Last January the city council of suburban Brentwood ordered a snow plow. Delivery was promised within two weeks. Alderman Gustav W. Gebauer gathered the council together on one of the hottest summer nights in years, to hear the good news. The snow plow finally had arrived.

## Dive-Bombing Birds Bring Injuries in Iowa

NEWTON, Ia. (AP)—Dive-bombing bluejays are terrorizing the people of Newton.

Several youngsters have been badly frightened when they were "buzzed" by the jays and one was severely scratched by repeated attacks.

Police killed two of the birds and thought the attacks were ended. But a few days later Don Jennings, Newton photographer, was picking cherries and an infuriated jay nicked him twice on the head. Jennings killed the bird with an air pistol.
