

LEAVES HOSPITAL
 Actor Errol Flynn, who was released from the hospital Sunday, Doc... must take it easy for another week before resuming his role in a new film, 'The Teacher.'

President Is a 'Good Scout'

When President Dwight D. Eisenhower took office, he automatically became titular head of the Boy Scouts of America, as President, beginning with William Howard Taft. He is the second President to have an active relationship with the Scouts before entering the White House, sharing the tradition with the late President Roosevelt. In 1946, Eisenhower received Scouting's Silver Buffalo, "for distinguished service to boyhood," and in 1948 he was named a member of the Boy Scout's national executive board. Above, the then General joined hands with fellow Scouts during the National Boy Scout Jamboree at Forge, in July of 1950, when Eisenhower was guest of honor and principal speaker at the celebration.

GRANDMOTHER 14 TIMES AT 40
 PORTLAND (AP)—Mrs. Frank Billingslea became a grandmother for the 14th time last week—and she is only 40 years old.

She was married at 14 and had six children. Three of them also married young.

Her most recent grandchild is the daughter of Mrs. Clarence Hopper, 20. It was the third child for Mrs. Hopper, Mrs. Billingslea's daughter.

Air Force Lists of Reservists To Be Updated by Interviews

Air Force lists of reservists will be brought up to date by a team of interviewers here early next month. The interviews and lists have nothing to do with immediate or involuntary recall to active duty, the Air Force announced.

Ancient Fish Cannibalistic

LONDON (AP)—A fish caught recently off Madagascar which is believed to belong to a prehistoric species was a cannibalistic male, South African scientist Dr. J. L. B. Smith reported Sunday.

The fish, the coelacanth (pronounced seel-a-canth and meaning hollow spine), was considered a living link with the lost world of 50,000,000 years ago.

Smith gave his first report on the five-foot long fish with fins-like legs in the authoritative British scientific weekly "Nature."

He said the remains of a two-foot long fish were found in the great stomach of the coelacanth, proving it was cannibalistic.

He said he was excited to find the prehistoric link had a structure in its digestive system called a spiral valve. He said this was further proof of the great antiquity of the species since only primitive fish have such valves.

AGRICULTURAL AIDE

WASHINGTON (AP)—President-Elect Eisenhower Monday chose J. Earl Coke, director of the agricultural service for California, as an assistant secretary of agriculture in the new administration. Coke, 52, is a resident of Berkeley, Calif.
