Revision Eyed On Milk Prices

PORTLAND, (AP) — The State Board of Agriculture wants milk to cost less when purchased in stores than when delivered to homes if it can find facts to justify the differential, Marshall Dana, a board member, said Tuesday.

The statement was made as Dana presented the board's legislative program to the milk advisory committee. The committee, made up of producer, distributor and consumer interests, was appointed by the board recently to help formulate proposed amendments to the state's milk control law.

The so-called store-door differential long has been a point of dispute between consumers and certain distributors. So far the board has refused to allow a lower store price on the ground that retailers' and distributors' handling prices are similar.

Associated Oil Sets Eugene Sales Meet

Mel C. Coleman, Oregon district sales manager for the Tide Water Associated Oil Co., has announced plans for Associated sales meetings to be held in Portland and Eugene, Thursday and Friday.

The sales meetings to be conducted by Coleman will bring together 85 members of the organization's sales personnel and distributors.

Assisting Coleman will be Marshall S. Pease, retail sales manager, and E. C. Heinz, wholesale sales manager of the company.

The plans for the two sessions call for a thorough presentation and discussion of the company's 1953 sales, sales promotion and over-all advertising programs, Coleman said.

Prices Irregular On NY Market

NEW YORK (AP)—Prices moved irregularly on the stock market Wednesday in one of the dullest sessions in weeks.

Price movements were extremely small either way. A number of stocks held at their previous close. Some specialty issues, however, managed to move out of the narrow range.

There was very little in the day's news developments to sway prices either way. Investors generally took the "wait and see" attitude on developments in Washington. They held off making any further commitments until President Eisenhower gives his state of the union message which is expected next week.

Copies of Schools Report Available

Copies of the stapled, mimeographed annual report of the Eugene Public Schools are available either at schools in the district or at the administration building, school officials said this week.

This year, the report is divided into a section of statistical information to provide comparisons with other first class districts of the state, a section of the basic story of what the schools are doing and attempting to do through academic work and other activities, and a financial report of the district.

Interspersed with text material are pictures of school activities.

U.S. Counters Spy Trial Propaganda

PARIS (AP)—The U. S. State Department is making a vigorous campaign to block Moscow's efforts to pin a propaganda label of "anti-Semitism" on the Rosenberg atomic spy case.

French and other European Communists had hopped on the death sentencing of Ethel and Julius Rosenberg for betraying American atomic secrets to the Soviets as a smoke-screen for Red anti-Semitism which came to light in the recent Communist "show trials" in Prague.

The State Department was alarmed by the way the Communist campaign against the "American hangmen" was catching on even in non-Communist quarters.

FACTUAL ACCOUNT

Their answer has been the distribution in 41 countries of a factual, non-political account of the trial and the verdict, setting forth all the facts and arguments developed by both prosecution and defense.

Particular stress is placed on the absurdity of the Communist charge that the trial was "anti-Semitic." It is pointed out that the judge who ordered the pair sent to death in the electric chair and the prosecutor who asked for the death penalty both were Jews.

In Paris, the results of the American counter propaganda drive were spectacular.

PROMINENT ACCOUNTS

Following receipt of the State Department's 35-page French-language pamphlet on the case, almost every non-Communist newspaper carried prominent, front-page accounts of the trial giving the lie to many of the false assertions the French Communists had succeeded in planting in the public mind.

Credit for the U. S. counter-propaganda drive belongs to Ambassador James C. Dunn, who ordered his press attache, Benjamin Bradlee, home last month on a special flight to acquaint himself with the facts of the case to answer an outcry in France against the trial.
