Jet Airliner Use Discussed

4-Hour Cross-Country Trips Said in Offing

A sales manager for West Coast Airlines predicted Monday that within 10 years air passengers will be plying regularly from coast to coast in four and a half hours.

Tom Croson, speaking to members of the Eugene Kiwanis Club, said the jet age is here and that new jet airliners will soon be flying passengers at speed in excess of 600 miles an hour.

WEEKEND JAUNTS

Even now, Croson said, there is no part of the world that is more than 36 hours by air. He said United States citizens working on oil projects in Arabia regularly make weekend trips by air to New York.

"Man has always wanted to fly," Croson said. "He has had the hunger for flight through 7,000 years of recorded history."

Croson said the advancement of air travel has enabled the armed services to return Korean war wounded to the United States for hospital treatment in record time.

PLANES NAMED

Croson also sketched the various types of aircraft used by American airlines. Planes mentioned were the Douglas DC-3, Douglas DC-4, DC-6, Lockheed Constellation, Boeing Stratocruiser, and various jet aircraft.

The Stratocruiser, he said, is the largest and heaviest airliner in use today. Weighing 142,000 pounds, it burns about 10 gallons of gas a minute while in flight, Croson said.

Burglar Ransacks House Leaves Likely Loot

A burglar with a taste for silverware ransacked the Alyn G. Price home, 1931 Moss St., sometime between Thursday and Monday afternoon, taking a valuable set of flatware but leaving behind a lot of likely loot.

Eugene police, who are investigating, said the burglar gained entrance to the house by forcing a back window with a pair of garden shears. Once in the house, the burglar rummaged the house from top to bottom but passed up valuable furs and jewelry to take the silverware.

2 Sides Claim Election Win

GUATEMALA, Guatemala (AP)—Both the leftist-Communist bloc and its opponents claimed victory in Guatemala province Tuesday following a three-day national congressional election.

The main contest in balloting which ended last night centered in the capital. Anti-Reds conceded that the government-supported Democratic Front—which includes the Communists—would carry the illiterate rural areas.

The outcome of the election, to pick 32 congressmen who will sit with 26 holdover members, will not be known for several days.

Anti-Red spokesmen said they were "assured of victory" in Guatemala city and other districts in Guatemala province. The Democratic Front acknowledged that they lagged somewhat in urban returns last night but maintained that a strong labor vote in outlying districts of the province would win for them.

The Congress at present is firmly in the hands of leftist supporters of President Jacobo Arbenz Guzman.

BASIN MEETING SET

BOISE, (AP)—The Columbia Basin Interstate Compact Commission will meet again in Portland Feb. 9 and 10, Commission Secretary Mark R. Kulp said Monday.

Gas Company Sues Truckers

HILLSBORO (AP) Another damage suit, this one for $56,840, was filed here this week against Edward A. Freeman, Oswego, and two of his truck drivers.

The suits are the outgrowth of the collapse last fall of a bridge across the Tualatin River. The bridge, which carried a 20-inch gas main, caved in when the hoist on a log truck owned by Freeman struck and buckled a overhead bridge girder.

The gas main broke, cutting off the Portland Gas & Coke Company's service to the Willamette Valley. It was this firm that filed a suit in Circuit Court here Monday.

Earlier the State Highway Commission filed suit for $21,585 as the cost of construction of a temporary bridge over the river.

The two truck drivers are Earl Ayers, Canby, and Howard L. Johnston, Aurora.

DID YOU EVER SEE A BALDHEADED SHEEP?

If you wash your hair more than 5 times a year—if you think you're smarter than Mother Nature—if your hair combs out by the handful—if your hair is dry, brittle, and breaks off at the ends—THIS AD IS FOR YOU.

If you admire beautiful, naturally-waved and healthy hair—it will pay you to read every word of this ad.

BEWARE of Too Many Shampoos and Washes, Bleaches, Dyes & Rinses

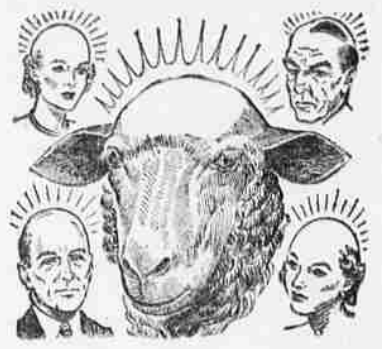
The way they MURDER their hair, most humans don't deserve to have any. The average woman washes her hair every week—that's 52 times a year. It's soaked, rubbed, scrubbed, rinsed and abused. MEN are even worse—his gets soaked every day, in the shower or bath. No wonder there are 20 bald men to every bald woman, and there are 10,500,000 "billiard balls" in the country today. They've lost enough hair to stuff 15,795 mattresses.

Why There Are No Baldheaded Sheep!

Mother Nature was kinder to sheep than to humans. She gave sheep curls, beautiful, natural curls and a NATURAL OIL to keep it that way. Yes, the sheep is the only God-made animal that grows hair on the top of its head—same as humans. But sheep are smart, they NEVER wash their hair. And you never saw a sheep in a barber shop or beauty parlor, and—you'll never see a baldheaded sheep.

The Secret of Beautiful Hair

Human hair is smooth and flexible. Dirt doesn't get into it—it stays on the surface. To CLEAN it BRUSH it. True, washing does remove the dirt, but it also removes the NATURAL OILS and lubricants. THAT OIL MUST BE REPLACED. Don't use grease, pommade or engine oil. Use Nature's own lubricant—LANOLIN. NIL-O-NAL is the closest you can get to PURE Lanolin.



Now It's Time You Learned About LANOLIN

Friends, here is the finest Lanolin preparation on the market. All stickiness has been refined away, all odor removed. Here, at last, is the secret of long, lovely, lustrous hair. And, if you want curls and waves that resist dampness, there's nothing like NIL-O-NAL. Learn to wash your hair less, BRUSH IT. And, when you do wash it be sure to replace the natural oil you have removed from your hair and scalp. This NATURAL OIL keeps hair healthy and beautiful.

HERE'S EXCITING NEWS. NIL-O-NAL was originally priced at $3.98, enough for two people for four months. Later the price was dropped to $2.00. But to introduce NIL-O-NAL in this locality we have made arrangements with your druggist to sell you the original, full 2 oz. jar, for only $1.25 plus tax. Yes, your druggist will sell you the regular $2.00 jar, for only $1.25. Use NIL-O-NAL for 30 days as directed. Then, if you are not 100% satisfied with the amazing results, return the unused portion for complete refund. Do this now! Go to your druggist, pay him only $1.25 plus tax for the regular $2.00 size jar. For sale at all druggists.

COUNTY JUDGE DAY BAYLY

Thanks Lane County folks for the encouraging way in which you have expressed the UNFAIRNESS of this RECALL ELECTION.

VOTE TOMORROW 8 A.M. TO 8 P.M.

Attempting to operate an efficient County Government without flagrant waste of taxpayers' money is NOT justification for RECALL!

Incorporating "good business methods" with voluntary centralized purchasing, records of meetings, public hearings on county issues, competitive bidding on county purchases is NOT cause for RECALL.

County officials can't please everyone. Facts must be carefully weighed in all matters before any of their decisions are made. As a taxpayer, you want full value for your tax money. I want to give you that assurance. Surely, the remarks of a small group of selfish individuals does not represent majority thinking of Lane County. That's NOT justification for RECALL!

We all believe in Fair Play in the truly Democratic way! The true significance of a RECALL is the removal of a public official for mal-feasance, misfeasance—DISHONESTY! None of these things can be substantiated against Judge Day Bayly. This is NOT A FAIR RECALL ACTION!

Show your convictions and vote
AGAINST RECALL

Also have your friends and neighbors vote
AGAINST RECALL

Thursday, January 22nd
Polls Open 8 A.M. to 8 P.M.

NOTE: Hear Judge Day T. Bayly tonight over KUGN at 7:00 P.M. and KORE at 8 P.M.

Pd. Pol. Adv. by Good Government Committee—George Todd, Sec. Treas., 1571 Buck, Eugene)
