Peak Storm strikes Egypt

A freak snow storm sweeping the eastern Mediterranean reportedly has killed at least 13 deaths and caused destruction throughout the lands along its shores. Several persons were reported to have been killed in Alexandria, Egypt's chief city, when heavy gales in the two days tumbled houses. In Lebanon, a farmer was killed when high winds blew him over a fence.

Officials said at least 17 persons, including 17 girl students, were missing as that city shivered under its fourth day of heavy rains and high winds. Roads were blocked by mud. The storm forced closing of the eastern Mediterranean port of Alexandria, Istanbul's seaport of Turkey, and Israel's principal port.

Strike Delays Fruit Trucks

PORTLAND (AP) — The second day of a week-long strike by the Pacific Fruit and Produce plant here briefly Friday morning.

But AFL Teamsters pickets were withdrawn three hours after they had appeared at the plant, and 25 trucks left to supply about 1,200 Western Oregon and Southwestern Washington merchants.

AFL warehousemen who had refused to pass the picket line returned to their jobs inside.

Clyde Crosby, Teamsters' spokesman, said the dispute was over wages, hours and working conditions. There was no announcement of whether the dispute was settled.

A brief strike of teamsters and warehousemen at the plant one week ago was the result of the discharge of an employee, the two unions said.

Mossadegh, the Actor

MOSSADEGH LEANS his weary head on his lawyer's shoulder, left, and then drops his head on his arms to weep with shoulder-heaving sobs.

THOROUGHLY EXHAUSTED at end of session, the ex-Premier, on trial for treason, stretches out on his bench to take a rest.

HIS ANTICS bring chuckles in the courtroom. Gen Riahi, second from right, also being tried, is joined in laughter by his defense lawyers.

Freight, Mail Trains Collide

GRAND VALLEY, Colo. (AP) — Two trainmen were killed in the head-on collision of a Denver & Rio Grande Western mail train and a freight six miles north of here early Friday.

Witnesses said the 112-car freight train, pulling a 7,000-ton load, apparently was unable to stop and ran through a switch.

The engineers of both trains were killed. They were Fred Keeley, on the mail train locomotive, and Glenn Arnsperger, aboard the freight. Both were from Grand Junction.

Firemen of both trains were injured, but there were no injuries to passengers on the west-bound mail train.

'AWFUL ACCENT' DUE TO SMOG

BIRMINGHAM, England (AP) — A diction expert Friday blamed the smog pall which hangs over this industrial city for the "awful accent" of its dwellers.

Frank Jones, author of a book on proper English speaking, explained: "Birmingham people who opened their mouths to make the correct sounds found themselves gulping in a mouthful of dirty air. So they developed a technique of opening their lips only to the smallest possible slit and then straining the words through in a way which distorts them."

Balkan Nations Agree On Mutual Defense

BELGRADE, Yugoslavia (AP) — The Balkan alliance—Greece, Turkey and Yugoslavia — disclosed Friday they had reached "agreement on all questions relating to mutual defense in case of aggression."

The joint communique was issued here, in Athens and Ankara at the conclusion of a 10-day conference between the representatives of the military general staffs of the three nations on measures to strengthen self defense in southeastern Europe.

Reds in Rate On Tax Ledger

EAST NORWICH, N. Y. (AP) — The Russians are in the red on taxes for two mansions they own on Long Island — one of them occupied by Andrei Vishinsky.

An estate here, "Norwich House," has been put on notice for public sale Dec. 7 unless a Nassau County tax bill of \$2,918, five months in arrears, is paid.

The other estate, "Killenworth at Glen Cove, has been put on notice for public sale for a \$2,396 tax delinquency.

The Soviet first deputy foreign minister and permanent delegate to the United Nations occupies Killenworth with his wife, daughter and staff. Various Russians staff members and children live at Norwich House.

Shortage of Inmates

PROVIDENCE, R. I. (AP) — Warden William C. Kindelan complained Thursday there aren't enough inmates in the state prison "to do work, especially outside building." He blamed the drop in prison population to an increase in deferred or suspended sentences.
