

Red Newsmen Loses Passport

LONDON (AP) — Daily Worker correspondent Alan Winnington, one of the two Western newsmen who covered the Korean War from the Communist side, was reported faced with the choice Friday of coming home or losing his citizenship.

The Worker, organ of Britain's Communist party, said the British consul in Peiping, China, refused to renew Winnington's passport

and confiscated it when he presented it for renewal Thursday. Winnington has been accused by the United States of helping to spread a germ warfare "confession" from U. S. Air Force Col. Walker Mahurin of Fort Wayne, Ind., a war prisoner who later was freed. Winnington has denied the charge.

THE CHANSONETTES, a 25 woman Portland singing group, will be among those providing entertainment Tuesday night when the Eugene post of the American Legion celebrates the Legion's 35th anniversary in a big party at the Veterans' Memorial Bldg. Directed by Gene Worth, center, the Chansonettes have appeared before many American Legion posts, Masonic Lodges, Y.M.C.A. groups, conventions and other meetings over the past five years.

Two Mathematics Sessions Set for UO Summer Term

Two summer conferences, one for college teachers of mathematics and one for teachers of sciences and one for teachers of mathematics, will be held on the University of Oregon campus during the 1954 summer session.

The first of these conferences, sponsored and financed by the National Science Foundation, will bring teachers of college mathematics into close contact with mathematical trends and developments. Dr. Ivan Niven, professor of mathematics at the University, is director of the conference.

The second conference, for high school teachers, is sponsored by the Fund for the Advancement of Education. Dr. A. F. Mourning, head of the university mathematics department, is director.

To implement the exchange of ideas between college and high school teachers a cooperative seminar has been planned, with Dr. K. S. Ghent, associate professor at the university, as coordinator.

Some of the seminar topics are: trend toward teaching in college basic mathematics courses; mathematical preparation at elementary and advanced level for work in the social sciences; mechanical and electronic calculators and the impact of numerical methods on mathematics, and the place of mathematics in general education.

Membership in the conference is open to all interested. A limited number of grants are being awarded.

Membership in the high school mathematics conference will be limited to 60. Some grants will be given for this session also. Offered during the eight-week session will be a workshop in secondary school mathematics, instruction in elementary and intermediate college mathematics, and special mathematics courses for teachers, as well as other advanced work.

Both conferences will be held from June 21 through August 13.

Egyptian Women End Hunger Strike

CAIRO (AP) — Egyptian suffragettes Friday called off their week-old hunger strike when President Mohammed Naguib promised that their demands for the franchise for women would be studied sympathetically by a government committee.

The suffragettes, led by 35-year-old Doria Shafik, were removed to a hospital Thursday when they showed signs of dangerous weakness after fasting to enforce demands for the vote for Egyptian women.

WHY SUFFER ANY LONGER

When others fail use our Chinese remedies. Amazing success for 5000 years in China. No matter with what ailments you are afflicted—disorders synosis heart, lungs, liver, kidneys, gas, constipation, ulcers, diabetes, rheumatism, gall and bladder fever, spine, female complaints.

YOUR GUARANTEE OF DEPENDABLE INSTALLATION AND SERVICE

For best results and greatest satisfaction have your antenna installations and service work performed by one of the following locally established members of the Radio-TV Service Dealers Assn.

RADIO AND TV SERVICE DEALERS ASSOCIATION CODE:

Only the best material which have been approved by the standards of the radio-television industry shall be used.

All local safety regulations and building codes shall be adhered to by members. All members are bonded and licensed.

Ample protection against lightning damage shall be provided on all installations.

Registered Assn. members provide dependable radio and TV installation and service.

DID YOU KNOW THAT...

Most all TV sets now tuned for channel 6 will require adjustment in the home to receive our local channel 13 properly. Outside antennas in general will give a superior picture as compared to built-in or rabbit ear antennas.

A city permit is required for all antenna installations. Cost of permit \$2.00. Most antenna must have a lightning arrester.

Each antenna mast must be grounded.

Each antenna must have at least 3 special guy wires for every 10 feet in height. No antenna can be fastened or guyed to — chimneys — parapet walls — or vent pipes.
