

Springfield Jaycees Plan Benefit Show

A two-hour play and variety show will be presented under the sponsorship of the Springfield Junior Chamber of Commerce at the Willamalane Memorial Building Friday and Saturday, April 16 and 17, according to General Chairman Bob Cochran.

Proceeds from the presentation will go toward construction of a wooden "iron" lung being built by the civic club for use wherever needed in the area. Other civic projects of the Jaycees will also benefit from the show income, Cochran said.

The play, "Flying High," is a three-act comedy with a cast of 10 persons.

One of the between-act presentations will be a skit involving ten Springfield High teachers, Cochran said.

Although rehearsals are in progress each evening, some casting for the play is yet to be done, he added.

Tickets for the show, now being sold at Alexander's Dept. Store and by the Jaycees, are \$1

Radar Installed

PORTLAND — Portland's traffic control program has a "new look" this Spring—radar.

The latest in radar equipment is already installed in a black-and-white enforcement car and ready to go. The equipment is reported to be 98 per cent accurate.

Chief of Police Jim Purcell, Jr., said arrests will not be made on the basis of the radar findings. The radar will be used mainly to determine areas where further speed controls are necessary.

ORCHESTRA, PIANISTS PERFORM APRIL 15

The University of Oregon Symphony Orchestra will present a concert April 15 at 8:15 p.m. in the school of music auditorium on the campus. The orchestra will be under the direction of Dr. Edmund Cykler, professor of music.

Featured soloists for the concert will be Shirley Shupe and Joyce Sinner, both of Portland, duo-pianists.

CIGARS FOR POP

DETROIT — When Tony Fox, a county auditor's clerk, became a father for the 14th time, County Auditor Charles Edgecomb didn't wait for him to start passing out cigars. He reversed the procedure and presented Fox with a box of cigars.
