Hot at 107? Shucks That's Just Coolish

PRESIDIO, Tex. (AP)—Shucks, it was only 107—so anybody could tell the reporter was kidding when he asked how people were standing the heat on the first day of summer.

"Aw, this isn't hot," said Oliver Harper, 54, the hardware man and weather observer. "Lots of times it gets up around 112 or 114."

In fact, it got up to 111 June 10 when people most places were still wearing suits to work. So you can see summer started off downright cool yesterday, especially in comparison with places like Phoenix, Ariz., where it was 111. Presidio often is the hottest place in the country.

"Why, I've been to Dallas when it was only 99," Harper said, shaking his prematurely white hair. "I tell you, that damp heat hurt me worse than 119 does here."

This is an adobe town of about 1,200 persons nudging up to the Rio Grande in the big bend of west Texas. They grow cantaloupes in the dusty fields nearby and lead an easy-

Chinese Population Set at 600 Million

LONDON (AP)—Peiping radio says China's population is more than 600 million. The figures include the island of Formosa, controlled by Generalissimo Chiang Kai-shek's Nationalist forces.

A broadcast heard here this week said Peiping's National Census Office reported a total of 601,912,371 people, as of midnight June 30, 1953.

Refugees Arrive

HONG KONG (AP)—Two British ships arrived from Communist China Tuesday, bringing out eight British citizens and 36 other non-Chinese. There were no Americans aboard.
