

Portuguese Said Occupying Fort

DELHI, India (AP)—Portuguese troops were reported in full possession of Goa's Tira-... Tuesday after a show of force by the band of pro-Indian demonstrators who occupied the fort Sunday.

Portuguese published in New Delhi said a Portuguese warship landed a party of 120 soldiers at Tira-... early yesterday and that the troops quickly regained the fort, hauled down the Indian flag, and rounded up the nationalists.

One report described the warship as a "cruiser" and said it was fired on by 90 minutes before the troops landed. As Portugal has no cruisers, it appeared likely the ship was one of the Portuguese frigates or sloops operating off Goa since the colony was threatened.

Another report said the warship fired only blanks to scare the demonstrators, who surrendered without further resistance. Still another account said the only firing was a salute salvo after the surrender.

The report received in Bombay, which is 250 miles north of Goa, said the casualties occurred when the nationalists resisted the lowering of the Indian flag they had raised over the fort 24 hours before.

NEHRU INTERVENES
The reports in the New Delhi newspapers said the troops found only 15 nationalists in Tira-... and that these were arrested "unharm-..."

One report reaching the Indian capital from Goa, however, said as many as 150 demonstrators had entered the fort and the surrounding territory Sunday and that 50 to 70 of these were rounded up.

From Nova Goa, the capital of Portuguese India, Associated Press Correspondent Harold K. Mills reported that about 150 persons were being detained as a result of the Sunday march into Goa, the largest of the Portuguese enclaves. Officials said all were Goan nationalists, though many had lived for years in India.

Nationalist leaders in Bombay originally had anticipated a march of thousands, but Nehru ordered border police to keep all non-Goans out.

Lawyers Pick New Board
PORTLAND (AP)—The board of governor for the Oregon State Bar was announced Monday following tabulation of election results.

The new board, which will take office at the bar's convention at Gearhart in September, includes: William H. Dasher, McMinnville, first district; George H. Corey, Pendleton, second district; Allan Davis, Portland, third district; Frank Van Dyke, Medford, fourth district.

Van Dyke defeated D. J. Grant, Coos Bay, and Davis was the leader in a three-man race in the only contests.

William H. Morrison, Portland, was named to the house of delegates of the American Bar Assn.

Firefighters to View Atom, H Bomb Films
Members of the Willamette Fire Department and friends will see films of the Yucca Flats, Nev., atom bomb blast and the explosion of the first hydrogen bomb when the members meet with Eugene Civil Defense Director Louis Borde Thursday night.

The meeting will be in the fire house at the corner of Coburg and Harlow Roads.

Borde said he will also tell the group of the latest developments of guided missiles.

Borde also said he will have the two bomb films for the remainder of this week so service clubs and other organizations may contact him if they wish to see the bomb films.

SOUTHBOUND—Bare-legged French sailors stand on ramp of a crowded landing craft somewhere in Indochina as Viet Nam refugees mill about the deck prior to departure for Tourane in southern Viet Nam. French and Viet Minh officials have signed an agreement clearing the way for a mass exchange of Indochina war prisoners which is expected to begin soon. (NEA)

Gloria Faces Debut Alone; Princess Role Draws Cheers

MOUNTAINHOME, Pa. (AP)—A little heady with the magic still fresh even to one who has known such riches.
She spoke in gusts of emotion: "Everyone has been so kind and helpful... A marvelous experience... There were moments when I wasn't sure I'd make it... What else can I say?" Then she retired to her dressing room.

In the play Gloria is an aloof princess of a kingdom belonging to that faraway world of Hapsburg and Bourbons. If her performance was more a brave silhouette than a three-dimensional characterization, the audience charitably concluded that's usually what you see in a princess.

Stokowski did not attend. His wife wished to meet the challenge alone—on first night anyway.

The consensus was that the one-time "poor little rich girl"—billed simply as Gloria Vanderbilt, for stage purposes—had done pretty well.

The final curtain touched off much applause, more than a few bravos, and sent a convoy of ushers down the aisles bearing great baskets of flowers for the star, who later admitted she had never been so scared and seldom so excited.

"Wonderful! Wonderful!" she exclaimed. "The audience was so grand and I am so grateful." Cameramen wanted pose after pose. Gloria obliged, more than

GEMBOREE by Dale Allen
Registered Jeweler-American Gem Society

AQUAMARINE
Aquamarine is an alternate birthstone for March (in addition to Bloodstone) and seems to captivate the spirit of the sea within its transparent depths. The gem is said to impart courage to the wearer and to quicken the intellect. The perfect color is a limpid greenish-blue, but color alone is no assurance of the genuine. I recently tested a large light bluish stone which the owner had purchased elsewhere for a genuine Aquamarine.

It turned out to be synthetic Spinel—an entirely different and less valuable man-made gem! Seldom are such cases of gemstone misrepresentation committed through any intentional dishonesty of a jeweler, but more often as a result of his lack of gemological knowledge! With so many clever imitations and synthetics on the market today, only those jewelers equipped with gem testing instruments and specialized gemological training, can be positive of the true identity of any gemstone—even from their own stocks. Just another example of the importance to "Choose Jewelers BEFORE choosing Gems!" Aquamarine like Emerald—is a variety of the mineral Beryl, but is not nearly so rare nor costly. Probably the largest single gemstone ever found was an Aquamarine from Brazil which weighed 220 pounds. It yielded 200,000 carats of cut gems! Being light in color, Aquamarines of large sizes are more striking than smaller ones, and are effective with either dark or light dress. Especially so with contrasts of yellow or pink, although there is scarcely any color the gem will not complement. Truly, Aquamarine is among the loveliest of genuine gems to be had! And better yet—at a moderate price.

Police Protest Doctor's Bail

CLEVELAND (AP)—Dr. Samuel H. Sheppard was back at his hospital practice today while police complained about his day-old freedom and the grand jury swung into the second day of a hearing that could end it.

Sheppard, 30, shed his prison denims yesterday after Common Pleas Judge William E. Thomas freed him on \$50,000 bond. The handsome, athletic osteopath is accused of clubbing to death his 31-year-old pregnant wife, Marilyn, July 4.

While Sheppard helped his brothers read X-ray films at the Bay View Hospital, a grand jury moved through a list of 16 witnesses called to give testimony on the first-degree murder charge against the prominent osteopath.

STRONG PROTESTS
The country prosecution indicated the jury might begin deliberation today, and would have Sheppard rearrested immediately if an indictment is returned.

Authorities strongly protested Judge Thomas' action granting bail request and freeing Sheppard, in view of the severity of the charges against him. Judge Thomas said evidence didn't warrant his refusing bond.

County Prosecutor Frank T. Cullitan said, "I never heard of it in my 22 years here."

HEARING BYPASSED
Cleveland's detective chief, James E. McArthur, expressed "shock" at the judge's action and heatedly suggested that the city well might pull out of the murder case and leave it to county or suburban Bay Village authorities.

McArthur said the investigation is just about complete anyway.

A preliminary hearing to present evidence that Sheppard should be held was scheduled for yesterday, but the hearing was bypassed when the prosecution, seeking to keep Sheppard's attorneys in the dark about its plans for presenting the case should it reach a trial, brought matters directly to the grand jury.

Kiwanis Hears Rosell Speak

Evangelist Merv Rosell declared Monday that Christianity is the only force that will stop communism.

Speaking to members of the Emerald Empire Kiwanis Club, Rosell said nationalism and democracy won't halt the march of communism because these "isms" don't "reach far enough."

Rosell, who is spending two weeks in Eugene to carry on his United Church Crusade, said Christianity "makes men of us. We don't have to apologize for it."

"In these troubled times, we are ignorant if we don't pray. We need something more than cold materialism. Dollar diplomacy won't save us," Rosell stated.

The evangelist urged members of the audience to attend some church and hear "the faith of our fathers."

"The very system of our nation is founded on faith and religion," Rosell declared.

Crews Overhauling Units at Leaburg
Maintenance crews from the Eugene Water & Electric Board started work Monday on a major overhaul of the number two generating units at the Leaburg power plant.

Crews will install a new water wheel and a new oil turbine guide bearing. John Scofield, assistant to the board's superintendent of electric operations, estimates the job will take about 10 weeks.

The unit has the capacity of 7,500 kilowatts. During the time the generating unit is off the line, power will be purchased from the Bonneville Power Administration.
