Japanese Leaders Cool To Molotov Statement

TOKYO (AP)— Japanese government leaders were cool Monday to a statement by Soviet Foreign Minister V. M. Molotov that "the time is ripe" for resumption of normal relations between Japan and Russia.

Molotov made the statement in reply to questions from a Japanese newspaper.

Government leaders pointed out the Japan has always been ready to sign a peace treaty similar to the San Francisco treaty signed by the United States and most other non-Communist nations.

Reds Sentence Business Man

TOKYO (AP)— Hugh Francis Redmond, a former New York business man, has been sentenced in Shanghai to life imprisonment as a spy by the Chinese Reds, Peiping Radio announced Sunday.

The broadcast, heard here, said Redmond and five other men and two women sentenced with him entered the U.S. espionage service before the defeat of the Chinese Nationalists by the Reds four years ago.

Two of the seven others, all of whom have Chinese names, were sentenced to death.

Redmond, arrested April 26, 1951, at Shanghai, is believed to have helped several Chinese businessmen get out of Shanghai.

At Yonkers, N.Y., his mother, Mrs. Ruth Redmond, said he went to China for the Hennigsen Bros. Import-export firm of New York. She was "terribly shocked by the news."

The Peiping broadcast said evidence against Redmond included five radio sets and 16 secret code books.

General Defies Premier

PARIS (AP)—Reports from Saigon say that ousted Vietnamese Army Chief of Staff Nguyen Van Hinh has barricaded himself in his headquarters in defiance of Premier Ngo Dinh Diem who fired him.

The French News Agency said Diem repeated Sunday his dismissal order, first issued last week and again directed Hinh to go to France.

Hinh, however, refused to obey as he had before. He set up a guard manning two tanks and a dozen fire hoses around his headquarters in case Diem should send police to arrest him.

Hitler Aide Near Death

HAMBURG, Germany — Former Nazi Foreign Minister Konstantin von Neurath was reported near death Monday in West Berlin's Spandau Prison. Now 81, he is suffering from heart trouble and is nearly blind with cataracts.

Von Neurath suffered a heart attack in his cell last week.

Von Neurath, who was also Hitler's "protector" of occupied Czech provinces, was sentenced eight years ago at the Nuernberg war crimes trial to 15 years imprisonment.

Scattered Scrap Metal To Be Sold by Navy

SEATTLE (AP)— Thirty-five thousand tons of scrap metal, scattered through the Aleutian Islands and including beached vessels and Japanese cannon, will be put up for sale by the Navy.

Invitations have been sent out to some 500 prospective bidders in the United States. Those interested will be taken on a tour of the Aleutians to look over the scrap and present bids by the Nov. 9 deadline.

'Off-Limit' Ban Lifted by AAA

BOISE (AP)— A four-month "off-limits" ban placed on Ontario, Ore., by the Idaho State Automobile Assn. has been lifted, R. G. Cole, manager, said Sunday.

The AAA started routing motorists around the nearby Oregon city last May after receiving complaints from tourists of "undue delays" in handling of traffic violations by the courts and an "arrogant attitude" by some officers.

City officials now have corrected the situation, Cole said, and motorists now are being given a choice of two westbound routes—through Ontario, or through Payette and Weiser, Idaho.

9 States to Hold Primaries

WASHINGTON (AP)— Primaries in nine states Tuesday will virtually complete the selection of candidates to compete in the November election for control of Congress during the next two years.

Primaries will be held in Colorado, Massachusetts, Minnesota, New Hampshire, New York, Utah, Vermont, Washington and Wisconsin.

Five Senate seats will be at stake among those states this year—two in New Hampshire and one each in Colorado, Massachusetts and Minnesota.

The nine states have a total of 91 House seats—61 of which now are held by Republicans and 31 by Democrats.

In addition, there are governor elections this year in all but two of them—Utah and Washington.

With Tuesday's voting, the nomination of candidates for top offices in the November election will be practically completed.
