notice to Septic Tank Owners

nothing more simple than a septic tank—when it works. And there's nothing more satisfying than a septic tank that doesn't work! Usually there are two reasons why they stop-up—first, because the tank is not cleaned at proper intervals; secondly, toilet tissue does not readily disintegrate and clogs the drains and force back up!

toilet tissues are made of soft, absorbent material. The one that is—MD Toilet Tissue—is scientifically designed so that it absorbs water and breaks up quickly. Try it! It's the difference between a clog and a flush of water and see for yourself!

advice: Consult your local Health Department, your plumber, or a septic tank service company for advice on cleaning and maintenance. Use MD Toilet Tissue!

Draft Board Chief Resigns Over Batchelor Sentence

BIG SPRING, Tex. (AP)—This west Texas city's draft board chairman has resigned because he does not like the life prison sentence meted out to Cpl. Claude Batchelor.

Batchelor, 22, of Kermit, Tex., was convicted by a court martial at Ft. Sam Houston, Tex., last week on charges of collaborating with the enemy and informing on fellow POWs while a captive of the Chinese Reds in Korea.

Draft Board Chairman H. W. Wright said he did not condone collaboration with the Communists but that he thought "brainwashing" and Batchelor's youth should have "been considered."

Batchelor was one of 23 Americans who chose to stay with the Reds after the Korean armistice. Later he and Cpl. Edward Dickenson of Crackers Neck, Va., force upon their prisoners.
