PURPLE HEART—Sgt. 1/c Frederick M. Liddell receives purple heart for wounds received in action during the 1951 spring offensive of the Korean conflict. He was one of the first GIs captured during that action and was a prisoner for 28 months, being released in September, 1953. The presentation was made by Lt. Col. Phillip M. Judson, assistant senior Army advisor, Oregon Military District. Those present were Capt. Gordon Lippman, unit advisor, left rear and Maj. Alvan Parker, commanding officer 3rd Bn., 413 Inf. Regt. USAR.

Kidnap Alarm Touched Off

PHILADELPHIA (AP)—A mechanic's method of locating a rattle in his automobile caused city police to set up a kidnap alarm Sunday. Police went into action when a woman reported a man shoved a boy into the trunk of a car, slammed the lid and sped away. She gave them the license number. They traced the car to Benedict Szot, who explained that his son, Mike, was placed in the trunk to locate a rattle. Mike found it.

Reds to Celebrate Lenin's Birthday

MOSCOW (AP)—The Soviet Communist Party announced this week that Nikolai Lenin's birthday, April 22, will be celebrated in the future and not the anniversary of his death, Jan. 21, as has been the Communist custom. A decree of the party's Central Committee, published in newspapers, said observance of the day of Lenin's death "imposes an atmosphere of mourning and grief," while the birthday "festival... would be more in keeping with the entire spirit of Leninism as an eternally living and life-asserting teaching."

Moslems Attack Shops

TUNIS (AP)—Groups of young Moslems attacked several Jewish shops in Tunis Tuesday, forcing the merchants to close their doors and call for police. No one was hurt nor was there any damage.

Lane's O&C Share May Hit \$1.3 Millions

Lane County may receive up to \$300,000 more in O&C timber receipts during 1955 than it received during 1954's record-breaking year, the county board of commissioners revealed Wednesday.

Lane County last fall received \$1,009,425 as its share of receipts from timber sales during 1953 in Western Oregon's 18 O&C counties.

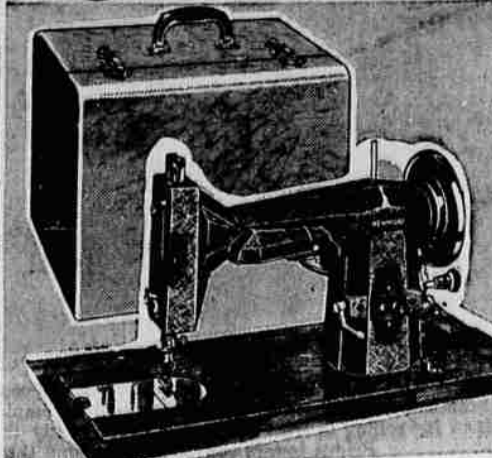

The county commissioners said Lane may receive nearly \$1,300,000 next fall as its share from O&C timber sales made during 1954. They explained the payments are always made the year following the 12-month period in which the timber was sold.

Commissioner Kenneth Nielsen said the reason for the county's expected O&C payment increase is because of a recent announcement by the Bureau of Land Management which stated that 519 O&C timber sales were made during 1954, totaling 728,250,000 board feet. This timber sold for \$15,845,833, averaging \$21.76 for a thousand board feet.

This is compared with 1953, a record year, when 542,344,000 board feet sold for \$11,136,573.28, an average of \$20.36 a thousand board feet.

O&C funds are also being distributed to the 18 O&C counties on a revised formula. Commissioner Ralph Petersen explained. He said the formula was changed following a revaluation of the 18 O&C counties. Under the new

University Plans Military Ball

The University of Oregon Military Ball has been set for March 5.

This year the dance will be sponsored by the military department, Scabbard and Blade, military honorary, and the Air Force command squadron. The dance will be limited to ROTC cadets and their dates.

The event will be complete with selection of a "Little Colonel," oldest tradition of the ball. Only ROTC and AFROTC cadets will be permitted to vote in the colonel contest.

School Bill Up in Senate

WASHINGTON (AP)—Sen. Neuberger (D-Ore) said Wednesday "some 10 million dollars for the next two years" would be available to Oregon for school construction purposes under terms of a bill he and Sen. Morse (Ind-Ore) have joined in sponsoring.

The bill, introduced by Sen. Hill (D-Ala) early in the session for himself and 13 others, proposes a federal outlay of 500 million dollars for each of the next two years to aid construction of public elementary and secondary schools.

Neuberger said school enrollment nationwide "has broken all records this year" and in Oregon alone 40 million dollars in school construction is needed in the next two years.

He said Oregon has a large budget deficit and the federal appropriation could ease the burdens on taxpayers there as well as provide better schools.

Second Alarm Proves False

WASHINGTON (AP)—For the second straight day, police sped to the home of Sen. McCarthy (R-Wis) in response to neighbors' alarms of possible danger to the senator.

On both occasions police found nothing out of the ordinary.

Wednesday night, five policemen rushed to McCarthy's house after George W. Ennis, who lives next door, set off a box alarm. Ennis said a neighbor heard noises on a roof and phoned him. Police failed to find any prowler. McCarthy came out of his house in shirt-sleeves, told the officers he had heard no noises and invited them in for coffee.

The day before, Mrs. Ennis told police she received a telephone warning to get out of her home because McCarthy was going to be "blown up." A police guard was stationed near the senator's home.

Oldsters Feted By Leisure Club

CHICAGO (AP)—The four oldest members of the Leisure Time Club composed of retired men residents of three western suburbs, were guests of honor at a meeting Thursday. The four have a combined age of 376.

The purpose of the club is "doing nothing well." The only requirement for membership is retirement from business or employment. The club, organized in 1944, has a membership of 75 men living in La Grange, La Grange Park and Western Springs.

The four men feted Thursday are George Randall, 95; John C. Clark, 94; William G. Clark, 94 (no relation), and Sidney C. Savage, 93.

Resign From Party

CATANZARO, Italy (AP)—The city administration of nearby Marcedusa, often called the "little Stalingrad of Calabria," walked out Tuesday night on communism. The members of the wholly Communist town government announced their resignations from the party and signed membership cards in Italy's Christian Democrat government party.
