

Legion Names Man To Judging Group

Vice-commander Dave Mitchell was appointed Tuesday night to serve as American Legion Post 3 representative on the Veteran of the Year Committee.

Annually, the committee selects an outstanding member of the community from a list of leading citizens named by each veteran's organization from its ranks.

At the Post 3 business meeting Tuesday night, past Post Commander William Huey reported that members of the five organiza-

tions of the Veterans Memorial Bldg. Assn. and their guests will take part in the March of Dimes benefit dance Saturday, Jan. 29, at the Veterans Memorial Bldg. The 50 cents admission for each person will be given to the Eugene March of Dimes fund.

Legion officers also announced that Post 3 again will join Willamette Women's American Legion Post 161 in presentation of objective awards to the best junior high school students of the city.

The awards consist of medals for the winning boy and girl and engraved names on a plaque given to the school. The awards to the students are based on high scholastic attainment, extra-curricula activity, and leadership.

Ernest Lundeen was named chairman of the Post 3 high school oratorical contest.

This will be the 18th year that the Oregon American Legion has sponsored the contest. It operates in cooperation with the National Americanism Commission and is open to all boys and girls who are students in high schools from Grades 9 through 12.

State final competition will be March 11.

Fascist Salute Given at Rites

ROME (AP)—With their arms up-thrust in the now-forbidden Fascist salute 100,000 shouting, singing Romans gave ex-Marshall Rodolfo Graziani a bigger tribute Thursday in death than he ever received as Mussolini's commander.

The grizzled old "Desert Lion" of fascism died Tuesday at a Rome clinic after an operation for an ulcer. He was 72.

His funeral was the noisiest and one of the largest this country has seen since World War II. It gave ample evidence that fascism is not dead in postwar Italy. But despite the noise and the banned blackshirt salute, there was no violence.

Libel Measure Due in Legislature

SALEM (AP)—A bill to reduce the amount of damage in libel suits by publication of corrections will be introduced by Rep. George Layman, Newberg.

The bill involves libel committed by accident, in which there is no malice. Publication of a correction would reduce the amount of damages that could be collected.

It would apply to all publication, whether in print, motion picture, radio or television.

To Lay New Track

TOKYO (AP)—Peiping radio said Wednesday Red China will lay about 620 miles of new railway track this year and will start work on a Yangtze River bridge to provide through railway lines between north and South China.

Boy Dies Following Hatchet Accident

PORTLAND (AP)—A 4-year-old boy died in a Portland hospital Wednesday night several hours after severing a finger while playing with a hatchet.

The cause of death was not determined at once.

The boy was John G. Greer, son of Mr. and Mrs. Gerald Greer of nearby Oswego.

Lowell Men Fined \$250 in Justice Court

Two Lowell men were fined \$250 each plus \$4.50 court costs each in Springfield Justice Court this week on charges of illegal possession of venison.

The two, Frank Kelly Moore and Thomas Littleton Whisenhunt, both of Box 212, Lowell, were arrested by a state police officer last Sunday.

Delay Foreseen on Proposal For Crescent Lake Sawmill

PORTLAND (AP)—J. Herbert Stone, regional forest supervisor, said Thursday it may be several weeks before any decision is reached on a proposal to construct a sawmill at Crescent Lake.

The Buchanan interests of Sutherland have applied to the U. S. Forest Service for assurance that a large tract of sub-alpine timber in the Windigo and Diamond Lake region of the Umpqua national forest will be put up for sale if the mill is constructed. The concern owns a group of mills.

Chambers of Commerce at Bend and Redmond have protested any diversion of timber from the Deschutes forest to the new mill. They said the allowable annual cut on the Deschutes national forest provides only a little more than half the timber needed for established sawmills, and that they feared the new mill may bid on timber from the Deschutes forest because of its central location.

Supervisors of the Umpqua, Willamette and Deschutes national forests and representatives of Buchanan mills met with Stone at an informal hearing this week. "No decision has been made and it may be many weeks before the merits of the case have been studied and the best public interest determined," Stone said.

Petersen, Not Nielsen, Makes Route F Trip

Ralph Petersen and not Kenneth Nielsen made the trip over Route F Monday with Eugene and Springfield Chamber of Commerce officials, according to Fred Brenne, manager of the Eugene Chamber.

It was incorrectly reported that Nielsen made the trip, and was involved in discussions with Siuslaw Port commissioners and others at Florence.

The group had journeyed to the Lane Coast to gather information to back plans in requesting federal aid for Siuslaw harbor improvements.

SLIGHT OMISSION
NANTUCKET, Mass. (AP)—Herman Melville, author of the American classic, "Moby Dick," which begins with a Nantucket background, never visited the island.
