Muscle Builder
Shoes
Prevent Pronation (weak-foot)

Here is a shoe so helpful to foot health that doctors heartily recommend it to help your child drop the habit of "Toeing Out." Here's the Secret:

1. The Wedge
tilts the heel bone (os calcis) and helps point the toes straight ahead!

2. The Pegs... keep the wedge tilt constant by restricting wear!!

Always look for the Dr. Posner scientific label "The Big Name in Little Shoes."
